**Storyteller
Kevin McMullin
to perform
at the Wabeno
Elementary
Gym on
November 15th**

Storyteller Kevin McMullin will be performing at the Wabeno Elementary gym on Thursday, November 15th. Doors will open at 6:00 p.m. Chili, crackers, and milk will be served from 6:00-6:30 p.m. Kevin will perform from 6:30-7:30.

The performance and dinner are free. The Home and School Organization will be holding a bake sale during the event. For more information call the Wabeno Elementary School.

McMullin's website says:"An enchanting entertainer, he uses storytelling, music and song to create performances that leave audiences delighted, spell-bound and wondering what to call his shows. When Kevin gets on stage, he performs. His performances are an extraordinary combination of music and narrative, humor and drama, using traditional and original material that leaves listeners profoundly satisfied."

Is Rail Shipping gone for good or can it remain an option for local business?

Local Businesses Get a Chance to Offer Their Input
Submitted by FCEDP

Will fuel costs be \$5 or \$6 per gallon in the near future? Are they likely to decline? These questions and the dramatic impact that they can have on shipping costs to and from local businesses make it hard to plan for the future. Nine Northern Wisconsin counties, including Forest County, have joined together to form the Northwoods Rail Transit Commission. The Commission believes rail service is crucial to maintaining and supporting future economic growth in the region. In order to quantify rail business demand, the Commission has been working with the Wisconsin Department of Transportation (WisDOT) to develop a Rail Market Study to gather current and potential rail use data from our region's business community. The data from this survey will be shared with rail operators in our region in order to pursue options for more reliable, cost effective and secure rail service for all businesses in Northern Wisconsin

The Railroad User and Potential Railroad User Surveys will be mailed to businesses in November. These surveys will collect commodity, shipping mode, location and destination data as well as suggestions and comments. Survey responses will be collected by mail or online and should be completed by the end of November.

There is no better time than now to have a voice as to whether rail is a viable shipping option for our region in the future. The Forest County Board and the Forest County Economic Development Partnership encourage businesses who receive this survey to respond and return it to the WisDOT. Any business that fails to receive a survey and would like to participate should call (715) 784-6069 or e-mail director@forestcountyWIbusiness.com for assistance.

Wabeno Education Association Hosts 4 on 4 Volleyball Tournament

The Wabeno Education Association is hosting a 4 on 4 Volleyball Tournament on November 9-10 at Wabeno High School.

Teams may enter in the following divisions: Girls grades 7-8, 9-10, 11-12 or open for our more seasoned athletes. We will also have a coed option available as long as the team consists of a minimum of 2 girls. Coed teams will be divided into grades 9-10, 11-12 and open. The entry fee of \$40.00 must be received by November 1.

Each division will receive 4 individual 1st and 2nd place medals. Registration forms are available in your High School Office.

Please direct all questions to Michelle Boor (715)473-5122 ext. 5133. Admission for spectators will be \$3.00 for adults and \$2.00 for children over 8. Concessions will be available both days. All proceeds will go towards the W.B. &E. Tobin Scholarship which is funded and given out annually by the teachers in Wabeno.

Infinity Wood Floors is setting up for business in Crandon's industrial park

By Mike Monte

Infinity Wood Floors is setting up a flooring mill in Crandon's industrial park. The new manufacturing facility is being constructed in the former Lipco Gift building. The company will be turning out solid wood flooring, both finished and unfinished, from northern hardwoods grown in northern Wisconsin and the Upper Peninsula.

Pat Tallier, a Wabeno resident, is the President and principal owner of Infinity Wood Floors. He says the operation has been in the planning stages for about six months. He looked for an existing building that would meet the needs of Infinity and found that site in Crandon's industrial park.

The building was of ample size and was connected to city water and sewer, plus has room for growth. Tallier currently has six employees, but plans on having about thirty employees in the next year, with a plan to employ about fifty people in approximately three years.

The flooring will be sold world-wide. There are plans to ship the flooring to distributors in Minneapolis, Milwaukee, New York, Chicago, Detroit, Colorado, Idaho, Kansas City, Canada and in South America.

When fully operational, about 25,000 board feet of hardwood will be turned into flooring a day, from kiln-dried lumber.

Tallier credits the City of Crandon for their cooperation in selling the building on good terms, Jim Scheussler and the Forest County Economic Development Partnership for their help, Chuck Bryce with UWGB for help with the business plan and the six employees who have faith in him and the company to hire on.

In the photo below, Tallier is helping place the machine that will turn out hardwood flooring at a high speed. He says they are very lucky to acquire this used, German-made piece of equipment that is one of a kind in the United States and known for turning out precision work.

Fall 2012 Election Results

By Boyd Monte

Another election has come and gone. I am sure that we can all agree that we are ready for the ads and phone calls to be done. Wisconsin has voted democratically since 1984. It has come to be expected when it has been the same way all of a young persons life but lets break it down and see how the Northwoods voted.

The local elections were decided during the primary, In January, Lisa Kalata will be the County Clerk. Amy Krause will remain our County Treasurer, Paul Aschenbrenner was to remain as the Register of Deeds, but unfortunately, he passed away this Fall. Courtney Britton, has worked in the office with Paul and will officially become the Register of Deeds this January. Charles Simono was also re-elected as the District Attorney.

President Obama and Vice President Biden recieved the most votes in Forest County, they also won Wisconsin, They received 2,421 votes to Romney and Ryan receiving 2172.

Tammy Baldwin defeated Tommy Thompson for the United States Senate seat. Senator Herb Kohl is retiring after this term. In Forest County, Baldwin defeated Thompson 2285 - 2028.

Sean Duffy will retain his 7 Congressional District Seat. Duffy received 56 percent percent of the vote. His challenger, Patrick Kreitlow received 44 percent of the vote. Reid Ribble also took 56 percent of the vote in the 8th Congressional District. Jamie Wall earned 44 percent. Duffy carried Forest County with a 2,327 - 1,947 edge.

Tom Tiffany defeated Susan Sommer and Paul Ehlers for the 12th Senate District. The seat was empty with current Senator Jim Holperin retiring after this term. The 12 Senate District consists of parts of Forest, Vilas, Oneida, Florence, Lincoln, Marinette, Langlade, Menominee, Oconto and Shawano Counties. Tiffany received 56 percent of the votes, Sommer received 40 percent and Elhers received 3 percent.

The 36th Assembly District is a big portion of Northeast Wisconsin. It consists of a portion of Forest, Oconto, Menominee, and Marinette Counties. Dorothy Kegley defeated Jeff Mursau in Forest County. Kegley received 1,586 votes in Forest County to Mursau's 1,533. Mursau did however win the election with 59 percent of the total vote to Kegley's 41 percent. The 34th Assembly District has part of Forest County in it, Rob Swearingen defeated Martin Van Buren, Kevin Fitzpatrick and Todd Albino. Swearingen earned 57 percent of the vote to gain the seat.

Crandon Students Honor Veterans

Crandon art students honored veterans by painting a mural in the American History room of the high school. Students Kayla Fraley, Sammi Wied, and Sierra Gage created a shadow image of the famous photo of the flag raising on Iwo Jima. Joe Rosenthal snapped the iconic image of five Marines and a Navy Corpsman raising the flag on Mount Suribachi. The photo appeared the next morning on the front pages of American newspapers replacing in people's minds the images of Pearl Harbor. It became the most reproduced photograph of World War Two and a symbol of American resolve.

Pictured with the artists are Forest County Veterans Billy Daniels and Ed Spencer. Mr. Daniels served in the Marine Corp from 1954 to 1955. He serves as Post 1 Chaplain at the Potawatomi Veterans Center and was recognized with the National Chaplain's Award. The award honors four WWII Chaplains who gave their lives to save others from drowning.

Mr. Spencer served in the Navy from 1952 to 1956 and was stationed on the USS Wisconsin during the Korean War. Ed visited Iwo Jima during his tour of duty. He and his wife Carol regularly attend a reunion of USS Wisconsin veterans. Both men are leaders in Veterans activities in the Forest County community.

Get your flu vaccine before flu activity increases

Influenza Cases Already Reported; Vaccine Is the Best Way to Prevent the Flu

MADISON—State health officials today reminded Wisconsin residents to get their annual influenza vaccine because flu season has already started and is expected to worsen. Flu season for Wisconsin generally runs from late October to May, with peak activity around early February.

“Getting vaccinated is the most effective way to avoid getting the flu,” said Dr. Henry Anderson, State Health Officer. Most health care providers are already offering flu vaccines, making this a good time to get immunized ahead of the expected increase in case numbers, he noted.

To get your flu shot, contact your healthcare provider, local public health department or tribal health clinic, or go to www.flu.gov to find a flu vaccination center near you. According to the U.S. Centers for Disease

Greetings From the Salvation Army

The season for giving is right around the corner and we need your help once again to ring the bell for the Salvation Army.

In the current economy, the needs of our neighbors are ever increasing. The Salvation Army helps greatly during this time of need. For every dollar that is placed in the kettle, .86 (eighty six) cents stays in Forest County.

Please Call Jackie at 715-478-2683 to schedule a time to ring the bell.

Thanks in advance for your support in this effort!

Control and Prevention (CDC), influenza vaccine will continue to be shipped to Wisconsin throughout the flu season.

Influenza is a contagious respiratory disease caused by a virus. The flu vaccine helps prevent complications that can be caused by the flu, such as pneumonia or hospitalization. With few exceptions, officials recommend that individuals aged six months and older be immunized. Getting vaccinated against influenza is especially important for people aged 50 and older, and those with underlying health conditions. It is equally important for those who have frequent contact with young children to get vaccinated, as children are hospitalized or die from flu complications each year in the U.S.

Influenza can range from mild to severe, and in some cases can cause life-threatening complications. Symptoms can come on quickly and include fever, headache, dry cough, sore throat, nasal congestion, body aches and tiredness.

To protect yourself and those around you from getting the flu, officials suggest taking the following steps:

- Wash your hands often with soap and water, or use an alcohol-based hand sanitizer.
- Stay home when you are sick.
- Cover your cough or sneeze with your upper sleeve, and try to avoid touching your face with your hand. If you use a tissue, throw it away after one use.
- Use your own drinking cups and straws.
- Avoid being exposed to people who are sick with flu-like symptoms.
- Eat nutritious meals, get plenty of rest and do not

Death Notices

JAY A. ROSIO of Minneapolis, MN died Friday, November 2, 2012 at his home. He was 45 years old. He was born July 22, 1967 in Laona, WI, the son of Herbert and Tina (Schoolman) Rosio, and the family resided in Crandon. He was a graduate of Crandon High School with the class of 1986. He then attended Nicolet College in Rhinelander for three years before transferring to Minneapolis College of Art and Design where he received

a Bachelor of Fine Arts degree in 1993. Jay was employed at Northtown Village apartments in Spring Lake Park, MN.

During his life he enjoyed downhill skiing, playing video games, tennis, riding motorcycle, target shooting, power boating, Legos projects, driving his Subaru and collecting Hot Wheels cars. During his high school years he operated Jay's Bike Shop from his parent's garage, where he repaired and also built custom bikes.

Survivors are his parents, Herbert and Tina Rosio, Crandon, WI; sister Lisa Ottmann, Antigo, WI; niece Nia (Taylor) Tauer, Fond du Lac, WI; aunts and uncles, cousins and friends.

He was preceded in death by his grandparents Louis and Mildred Rosio, George and Evelyn Schoolman and brother-in-law Pete Ottmann.

A memorial service will be held on Monday, November 12, 2012 at 1 p.m. at the Seventh Day Adventist Church, 1515 Third Avenue, Antigo, WI with Pastor Rowell Pudedivan officiating. Visitation will be from 11:00 a.m. until the time of service.

EDDIE RAY BOLIDNG'S soul found eternal rest Wednesday, October 31st, 2012. He was born in Zion, IL to June Brownell and Willis Bolding on April 30, 1961.

Ed was a machinist at HyPro in Rhinelander, WI. Ed enjoyed the outdoors. He loved hunting, but most of all fishing. If he could have, Ed would have moved to a secluded cabin by a lake in the middle of the woods and lived by his rod & reel.

Ed is survived by his daughters Margaret, Emily, and Carol; parents June and Frank Brownell; siblings Dan Bolding and Faye (Bill) Taylor.

Ed is proceeded in death by his maternal and fraternal grandparents; father Willis Bolding; and Aunt Izetta Jones.

Visitation will be held on Friday November 9, 2012 at Weber-Hill Funeral Home, Crandon from 10-11 a.m. with a Memorial Service to fallow at 11:00 Pastor Bill Farr Officiating online condolences to www.weberhillfuneralhome.com

Nicolet AARP Chapter 1191

The October meeting of the Nicolet AARP Chapter 1191 was attended by 39 members, many of whom were in Halloween colors, and were ready for a festive potluck dinner followed by the white elephant sale. The bidding was lively for brightly colored packages and members enjoyed the event.

The November 27th meeting will be for election of new officers and board members. President Robert Bennett and Vice President Jim Bowman will not be running for reelection in their current positions so there will be some new faces on the AARP Board. Bennett and Bowman have done an excellent job in leading the management team of the AARP Club over the past several years. The November meeting will also be a chance for members to get their annual flu shot. A reminder to members that the winter hours for the club will change to 1:30 PM starting at the November meeting and will continue until daylight savings time goes into effect in the Spring. Their will be no AARP meeting in December.

The Nicolet AARP Christmas party is scheduled for December 11, 2012 starting at 4:30 PM for cocktails and 5:30 PM for dinner at the Waubee Lodge. The cost for those attending is \$14.00. For reservations call Carol Butrymowicz at 715-276-3468. Members are asked to bring a food item or cash for a contribution to the Christian Food Pantry. Members attending this event will also celebrate the fortieth anniversary of Nicolet AARP Chapter 1191 which was created on December 18, 1972.

All persons 50 and over are invited to join the local AARP Chapter. AARP meetings are social, entertaining, and informative. Meetings are held at the Lakewood Presbyterian Church on the fourth Tuesday of each month starting at 1:30 PM (winter hours). Contact Joyce West, Membership Chairman, at 715-276-9409.

WPS to Improve Electric Reliability in Areas Most Prone to Outages

Green Bay, WI - Wisconsin Public Service Corporation (WPS), a subsidiary of Integrys Energy Group (NYSE: TEG), today applied to the Public Service Commission of Wisconsin for a Certificate of Authority (CA) for a five-year project to modernize selected segments of its electric distribution system by burying or upgrading lines. If the project is approved, construction would begin in 2014. The WPS proposal involves electric lines that have the most challenging reliability issues - primarily in rural areas that are heavily forested.

"We're concerned about the areas where electric reliability is lower than state and national averages. We will target locations in which customers are repeatedly faced with the loss of power due to storms - sometimes for several days," said WPS Vice President of Energy Delivery Vern Peterson. "When the project is complete, these customers will see a level of reliability that the rest of the company already receives."

WPS proposes to address about 200-300 miles of electric distribution lines each year beginning in 2014.

"The lead time for actual conversion of the overhead lines is significant," said Peterson. "For the project to move forward we have to identify landowner support for the project and determine if there are any geographical or environmental obstacles, as well as to begin a preliminary design for the new underground system." Peterson added that another time-consuming aspect of the project is obtaining the necessary easements from landowners that allow WPS to bury the lines.

In the project, WPS will bury and upgrade electric lines that have proven to be poor performers in its system, and where improvements make sense financially. The company is conducting a comprehensive analysis of the electric distribution lines to determine where the improvements will be made. Not all lines in the affected areas will be upgraded. WPS will prioritize the lines to be upgraded or buried based on historical reliability performance data.

"We're still identifying the worst performing lines in the company," Peterson said. "Then we add in geography, soil conditions, and other factors that will influence the cost of converting the lines to underground or upgrading. We're aiming to improve reliability in situations where it can be done at a reasonable cost."

Peterson said that, while still analyzing the WPS system, the company has already selected segments to begin the project in the Minocqua, Eagle River, Rhinelander, Wabeno and Wausaukee areas. "Obviously, we can't do the entire areas," Peterson said. "Landowners that will be affected in 2014 have recently been contacted or are being contacted now." Additional Landowners will be contacted year by year as the project moves forward.

After being contacted initially, it could be several months before WPS contacts the property owner again because of the scope of working with 5,000 or more landowners.

In addition to the effort to place lines underground, WPS is analyzing options to improve reliability in areas where burying the lines is impractical and not cost effective. Among the options is Distribution Automation (DA), in which power can be automatically rerouted from adjacent circuits to serve customers experiencing outages. Locations that will be considered include where the soil is too rocky to install underground or other areas in which placing conductors underground is not cost effective.

You want to get the best prices on your prescriptions.

We understand that.

So we are proud to tell you that even though we are your local independent pharmacy, we can often match or even beat the prices of the major chains.

Surprised? There's more.

We can often match the mail-order 90-day prescription price of generic drugs. And we give you personal, face-to-face service.

It's easy to transfer your prescriptions to Nicolet Pharmacy. Just give us a call and we'll handle all the details for you.

Choose My Plate 10 tips to a great plate

Making food choices for a healthy lifestyle can be as simple as using these 10 tips. Use the ideas in this list to balance your calories, to choose foods to eat more often, and to cut back on foods to eat less often.

1.) Balance Calories - Find out how many calories YOU need for a day as a first step in managing your weight. Go to www.ChooseMyPlate.gov to find your calorie level. Being physically active also helps you balance calories.

2.) Enjoy Your Food, But Eat Less - Take the time to fully enjoy your food as you eat it. Eating too fast or when your attention is elsewhere may lead to eating too many calories. Pay attention to hunger and fullness cues before, during and after meals. Use them to recognize when to eat and when you've had enough.

3.) Avoid Oversized Portions - Use a smaller plate, bowl, and glass. Portion out foods before you eat. When eating out, choose a smaller size option, share a dish, or take home part of your meal.

4.) Foods to Eat More Often - Eat more vegetables, fruits, whole grains, and fat-free or 1% milk and dairy products. These foods have the nutrients you need for health - including potassium, calcium, vitamin D, and fiber. Make them the basis for meals and snacks.

5.) Make Half Your Plate Fruits and Vegetables - Choose red, orange and dark green vegetables like tomatoes, sweet potatoes, and broccoli, along with other vegetables for your meals. Add fruit to meals as part of main or side dishes or as dessert.

6.) Switch to Fat-Free or Low-Fat (1%) Milk - They have the same amount of calcium and other essential nutrients as whole milk, but fewer calories and less saturated fat.

7.) Make Half Your Grains Whole Grains - To eat more whole grains, substitute a whole-grain product for a refined product - such as eating whole-wheat bread instead of white bread or brown rice instead of white rice.

8.) Foods to Eat Less Often - Cut back on foods high in solid fats, added sugars, and salt. They include cakes, cookies, ice cream, candies, sweetened drinks, pizza and fatty meats like ribs, sausages, bacon and hot dogs. Use these foods as occasional treats, not everyday foods.

9.) Compare Sodium in Foods - Use the Nutrition Facts label to choose lower sodium versions of foods like soup, bread and frozen meals. Select canned foods labeled "low sodium," "reduced sodium," or "no salt added."

10.) Drink Water Instead of Sugary Drinks - Cut calories by drinking water or unsweetened beverages. Soda, energy drinks and sports drinks are a major source of added sugar, and calories, in American diets.

Historical Society tours
Hotel Crandon's basement
and moonshine history

We have all heard the stories of the tunnels that are supposed to crisscross our downtown as leftovers from the moonshine days. But do they really exist? Thursday, November 1st, the Forest County Historical & Genealogical Society met at the Hotel Crandon for a dinner and tour of the lower level that, as the story goes, is part of the famous tunnel system. Our dinner was very good as was the tour.

Current owner of the Hotel Crandon building, Mark Gatton has been working since he purchased the building to try to reconstruct the basement and collect stories about the Hotel Crandon. The current building was built in the late 1920's after fire destroyed most of the downtown area. But the basement dates back to the turn of the century. It is a labyrinth of small rooms and stairways that go nowhere. Mark has pieced together some of the story and has opened up the back entrance that he believes was used by cars on the bootleg run from Canada to Chicago during Prohibition. He has also identified two small rooms that were said to be used as sleeping rooms for the drivers. He has been told that as many as five cars could be parked under the Hotel while the drivers slept. He explained to us the difference between bootleggers (middlemen) and moonshiners (producers).

The three-story building was also heated by a

huge steam boiler. Large pipes can still be seen but the huge pit that the boiler sat in to hold the condensate from the steam has been filled up. It is believed that a local "character" lived down there and kept the fire going in the boiler as well as doing odd jobs in return for a place to live.

Some of the walls are covered in designed hammered tin, some floor areas are terrazzo and ceilings are high. In one area, which was once an electrical store, one foot marks are painted on the floor for measuring wire. But Mark is sorry to say he has not found any evidence of tunnels.

Mark has a big job ahead of him in restoring parts of the basement but seems to be really enjoying the work. If anyone has pictures or memories of the Hotel Crandon lower level he would like to hear from you so he can add to his story. He can be reached at 715-478-2414 or via Email at hotelcrandon@charter.net.

Notice Closure of a portion of the
Nicolet state trail

A segment of the Nicolet State Trail will be closed to repair the Little Popple River Bridge just south of Old Hwy 139 Road. The trail closure will include all motorized and non-motorized use including hiking, biking, snowmobiles, ATV's, horseback riding and dual-sport motorcycles. The 1.8-mile segment of the trail between Broadway Street in the Town of Newald and Old Hwy 139 Road in the Town of Popple River will be closed starting November 7, 2012, until further notice including part or all of the snowmobile season.
A trail reroute has been signed using the following town roads: starting on Broadway Street in the Town of Newald, west to Double Bend Road, North on McArthur Pine Road then east on Long Lake Road returning to the Nicolet State Trail in the Town of Long Lake in Florence County. This trail reroute is approximately twelve miles in length.

Crooked Lake/Mountain Lions
cleanup the road

On the first Tuesday of every month from April through October, at 9 a.m., the Crooked Lake/Mountain Lions Club picks up litter for a 4-1/2 mile stretch along Cty Rd W. One group starts at Boundary Lake and another group starts at Nelligan Lake Road. Prizes have been awarded for finding the most unique debris. It's amazing! The pick up doesn't take a great deal of time because it is done every month and this simple task keeps the beautiful drive through Crooked Lake on W just that ...beautiful.
The ladies pictured from L to R are Cassie Zittlow, Nancy Behnke, Mary Lintner, Jayne Meier, Dar Berntson, Judi Laduron and Anne Steeg. The men pictured from L to R are Mike Lintner, Dave Meier, Jim Zittlow, Dan Stark and Wayne Jung. Missing from the picture is Glen Seering.

Wabeno schools utilize new state
report cards

The Wisconsin Department of Public Instruction has released the new School Report Cards. A school's accountability score reflects many measures that factor into a school's performance. While just one part of a new, statewide accountability system for schools, the School Report Card provides detailed information about the performance of student groups at the school, including racial groups, disability, poverty, and English language learners.

Although the Report Cards for the School District of Wabeno Area indicate that expectations are being met, the District continues to strive to improve learning and to help all students to be successful. The accountability score will help school staff determine what areas the school does well in and where it needs improvement.

The School District of Wabeno Area Goals for 2012-2013 are to:

1. Continue to build a collaborative culture, embrace high expectations for all students, and create necessary support systems so that all students are successful.
2. Continue to assess, expand, and coordinate the uses of technology in teaching and learning.
3. Continue to promote and provide opportunities for parent and community involvement in the school.
4. Increase the overall attendance rate so that less than 5% of the entire student population is absent each quarter.
5. Increase student achievement in math as measured by MAPS and WKCE

The School District of Wabeno Area Report Cards can be accessed online at <http://dpi.wi.gov/reportcards/wabeno.html> and all Report Cards for the state can be accessed at <http://dpi.wi.gov/oea/acct/accountability.html>

Patty Loew
Continued From Page 1

Wabeno Public Library, said “We are delighted to be able to bring Patty here. I was determined to bring a speaker to Wabeno for Native American Awareness month, and to the schools. The District Superintendent was very supportive of the idea.”

Loew will discuss her Native Youth Media Project. The project brings PhD students from UW-Madison to northern Wisconsin reservations over summer months, where they teach middle school-aged students media skills, and show them how to produce documentaries about their environment and cultures.

She has been instrumental in educating residents of Wisconsin about the negative impact mining has on the environment and delicate ecosystems in northern Wisconsin.

About Patty Loew

Patty Loew is an Associate Professor in the Life Science Communications Dept. at UW-Madison. She is the host of “In Wisconsin”, a statewide news program for Wisconsin Public Television. Loew has produced over a dozen award-winning documentaries about Native American issues, including “The Way of the Warrior”, “Spring Of Discontent” and “Nation Within A Nation”. Her book, "Indian Nations of Wisconsin, Histories of Endurance and Renewal," won the Wisconsin Library Association 2002 Outstanding Achievement Recognition Award. She is a respected panelist and public speaker at environmental events across the US, and a member of the Bad River Band of Lake Superior Chippewa.

Halloween is busy in Crandon!

Crandon's main drag is a busy place on October 31st, as trick or treaters crowd the sidewalks with their candy bags. Even on a cold evening like this year, the turnout is heavy, with hundreds of kids hitting the door at the Pioneer office below.

25 REASONS I OWE MY MOTHER

1. My mother taught me TO APPRECIATE A JOB WELL DONE .
"If you're going to kill each other, do it outside. I just finished cleaning."
2. My mother taught me RELIGION.
"You better pray that will come out of the carpet."
3. My mother taught me about TIME TRAVEL .
"If you don't straighten up, I'm going to knock you into the middle of next week!"
4. My mother taught me LOGIC.
" Because I said so, that's why."
5. My mother taught me MORE LOGIC.
"If you fall out of that swing and break your neck, you're not going to the store with me."
6. My mother taught me FORESIGHT.
"Make sure you wear clean underwear, in case you're in an accident."
7. My mother taught me IRONY
"Keep crying, and I'll give you something to cry about."
8. My mother taught me about the science of OSMOSIS.
"Shut your mouth and eat your supper."
9. My mother taught me about CONTORTIONISM.
"Will you look at that dirt on the back of your neck!"
10. My mother taught me about STAMINA.
"You'll sit there until all that spinach is gone."
11. My mother taught me about WEATHER.
"This room of yours looks as if a tornado went through it."
12. My mother taught me about HYPOCRISY.
"If I told you once, I've told you a million times. Don't exaggerate!"
13. My mother taught me the CIRCLE OF LIFE.
"I brought you into this world, and I can take you out."
14. My mother taught me about BEHAVIOR MODIFICATION.
"Stop acting like your father!"
15. My mother taught me about ENVY.
"There are millions of less fortunate children in this world who don't have wonderful parents like you do."
16. My mother taught me about ANTICIPATION.
"Just wait until we get home."
17. My mother taught me about RECEIVING .
"You are going to get it when you get home!"
18. My mother taught me MEDICAL SCIENCE.
"If you don't stop crossing your eyes, they are going to freeze that way."
19. My mother taught me ESP.
"Put your sweater on; don't you think I know when you are cold?"
20. My mother taught me HUMOR.
"When that lawn mower cuts off your toes, don't come running to me."
21. My mother taught me HOW TO BECOME AN ADULT .
"If you don't eat your vegetables, you'll never grow up."
22. My mother taught me GENETICS.
"You're just like your father."
23. My mother taught me about my ROOTS.
"Shut that door behind you. Do you think you were born in a barn?"
24. My mother taught me WISDOM.
"When you get to be my age, you'll understand."
25. And my favorite: My mother taught me about JUSTICE
"One day you'll have kids, and I hope they turn out just like you."

INSURANCE TIP
TREE STANDS

Speaking from personal experience; on 11/2/2011, I had a severe accident, when my tree stand, which was 20' off the ground, broke as I attempted to climb on it. All you hunters, PLEASE, check your equipment and stands AND wear a safety harness. Check the straps that hold the stand onto the tree, for wear and tear. If the stand has been on the tree for several years, the tree has grown. Check the bolts to make sure they are not stripped or that the chain has stretched beyond its strength capacity due to tree growth.

I thank God that my wife did not have to use my Life Insurance. Are you well protected with Life and Health Insurance?
