Art Freimuth, on the Indian motorcycle above, was one of those young people who liked new technology. He worked in his father's garage on automobiles, that weren't that old when this shot was taken, and he liked motorcycles, as did his brother Mel. He also liked photography, and he left succeeding generations a large gift. Many of the old photos that are floating around the county were taken by Art. Because of him and others like Pete Thompson and the Anderson and Monroe Studio in Crandon, we are able to take a look at what came before us and helped shaped the world we inherited. It was a great gift that will continue to give every time somebody looks at an old photo and realizes that the work of the previous generations has enriched our lives today, or maybe did just the opposite. Whatever the effect, we owe all of these old photographers a big thank you, and we owe the next generations the same gift. Save the pictures you take now!

Happy New Year!

From Crandon, WI, I headed through Star Lake and in a growing southerly loop, headed toward Osceola, WI and across the boarder into the land of Lake Wobegon. From there, I headed north to a semi-mountainous region and over to Pelican Rapids and north to Fargo, ND where I and my rig caught a bus to Billings. I was supposed to get further, but the next bus line in the progression refused to take the trike and I set out to Missoula, MT from Billings. Great trip with unexpected joys of folk and scenery. Mosty a basic on-Interstate route with some diversions into more interesting territory. Once in Missoula, I headed due West to Portland, OR and a visit with my brother there. Friends and I met at the end of my sixth day there and we all headed out to the coast where two drove a van with food and fun and four others rode south to our homes on California's Central Coast. The folks in the van had to depart in Crescent City, CA and my buddy Michael and I took the trike and I set out to Missoula, MT from Billings. Plum Creek Foundation donates to NEWCAP

The Plum Creek Foundation announced it recently made a $1,000 donation to the NEWCAP, Inc. food pantry program at 212 N. Lake Ave. in Crandon. “There is plenty of need present in rural communities, especially around the holiday season,” said Bill O’Brien, resource supervisor for Plum Creek in Wisconsin. “It is our hope that these donations will allow people to enjoy the season in peace and thanksgiving, and with a little more food on the table.”

The mission of NEWCAP is to work toward the elimination of the causes of poverty by enabling and assisting low-income people to attain the skills, motivation and opportunities necessary for them to become self-sufficient and independent. The Food Pantry Program distributes emergency food supplies through 11 counties, for households and families in a crisis situation.

“The Plum Creek Foundation prides itself on community involvement each year,” said O’Brien. “We will continuously work to make a positive impact in the places we live and work.”

Overall, the Plum Creek Foundation is donating $6,000 to food pantries in Wisconsin, and will donate a total of $148,750 to food pantries across the nation.

The mission of the Plum Creek Foundation is to provide philanthropic contributions to support and improve the general welfare of life in the communities that Plum Creek serves. The Foundation board meets quarterly to review applications submitted from organizations in the company’s operating communities.

Visit the Community Involvement page on Plum Creek’s website at www.plumcreek.com to download an application.

Forest County snowmobile trails now open

Forest County Snowmobile Trails officially opened on Wednesday, December 26, 2012 for the snowmobiling season. Forest County has 403.79 miles of state funded trails maintained by five snowmobile clubs including the 100 Mile Snow Safari, Lumberjack Memorial Trails, Black Bear Sportmen’s Club, Tombstone-Pickeral Sno-Club and Three Lakes Trails. With colder temperatures upon us trails are packing and freezing which will provide fair to good trail conditions for the opener.

If you appreciate smooth trails, now is the time to volunteer some time, effort or cash at one of the donation boxes found at our area businesses that sponsor our trail system by supporting our local snowmobile clubs.

New 2012-2013 Snowmobile Trail Maps are available at all businesses thanks to another generous
Support needed at Humane Society

At the Humane Society Open House, held just before Christmas, the drawing was held for the cash raffle. Those taking away the cash were: Sonja Milham, Jackie Calhoun, Roxanne Brewer, Eugene Carlsson, and Mark Gatton.

The Humane Society board posed for the shot above, and they are from the left: Jackie Nowak, Tinya & Tonya Waterko, Marin Herbert, and Becky Danielczak. Not shown are Al Tast and an ann from Al Calhoun.

The Humane Society is needed in the county to take care of pets that are lost or abused and surrendered, and to place these dogs and cats in homes where they are appreciated and cared for. The Society exists because of the good will of the citizens who support this effort through donations of cash, dog & cat food, and donations of aluminum cans at the Resale Shop and unwanted items that can be sold at the Resale Shop. Memberships and volunteers are also needed. All of us are urged to make a New Year's Resolution to support the Humane Society in 2013.

OEF/OIF/OND Toxic Embedded Fragments

Some Veterans of Operation Enduring Freedom (OEF), Operation Iraqi Freedom (OIF), and Operation New Dawn (OND) have retained toxic embedded fragments in their bodies after blast injuries sustained during military service.

These Veterans may be eligible for clinical care at the Toxic Embedded Fragment Surveillance Center at the Baltimore VA Medical Center. Shrapnel is a common term to describe the toxic fragments from improvised explosive devices (IEDs), bombs, mines and shells. Some of the fragments may contain depleted uranium. Health problems associated with toxic embedded fragments Although health problems caused by toxic embedded fragments are not fully understood, generally fragments are harmful in two ways:

1. Injury at the site of the fragment 2. Chemicals from the fragment that travel through the bloodstream and can affect other parts of the body

Health concerns?

If you are concerned about toxic embedded fragments from injuries in military service, talk to your health care provider or local VA Environmental Health Coordinator. Veterans not enrolled in the VA health care system, find out if you qualify for VA health care. ALL returning Veterans must enroll in health care coverage at the nearest VA Medical Center to protect their right to health care. Your local Veterans Service Officer will assist you.

VA benefits

Veterans may be eligible for VA disability compensation benefits and health care benefits for health problems associated with toxic embedded fragments from injuries in military service. OEF, OIF, and OND Veterans with embedded fragments may be eligible for clinical care at the Toxic Embedded Fragment Surveillance Center at the Baltimore VA Medical Center.

Veterans' dependents and survivors also may be eligible for benefits. Read Federal Benefits for Veterans, Dependents and Survivors to learn more, or see your County Veterans Service Officer for a copy of the handbook. In Forest County Courthouse, Rm 114, CVSO, 200 East Madison, Crandon, WI 54520. Appointments appreciated 715/478-3722.

Happy New Year from

Thank You Forest County Taxpayers

I want you to know how much I have appreciated the letters, telephone calls and handshakes of congratulations for a good job well done as Forest
County Board Chairman after I stepped down from that
position last April. It is very heart warming to me to be thanked by so many of you folks, including some of you I
hardly know, for the thirty-six years I spent as County
Board Chair.

I always had the Forest County Taxpayers in
mind when I made my decisions, knowing we are in a low
income area with a limited amount of taxable land (18 per
cent). My thoughts and concerns always were let’s not
tax our citizens off their land. Our tax rate was $5.24
when I became Chairman and it was $4.41 the final year of my Chairmanship. This rate is lower than comparable
Counties with a much bigger tax base. During this time we
also built an addition on the Courthouse, a new Law
Enforcement Center and a new Highway Maintenance
Center without raising our tax levy. We had Board
Members, Department Heads and County Employees through these many years that helped make these things
happen. It was a great pleasure to work with these fine
people and see our County prosper.

I am very proud of our County’s progress through
these years and proud of the fact that I have been thanked by so many Forest County Tax Payers. You can rest assured that I will continue to work hard for Forest County on all the State and District committees that I am
on.

Thank you all very much. Have a Happy
Holiday Season and a Great New Year.

Erhard Huettl
Forest County Supervisor, District 11

A Very Happy Birthday To You In Heaven
December 22, 1921 - February 26, 1995
A very happy birthday to you my love,
I’m sending my greetings to you in Heaven above,

After seventeen years
and ten months ago,
I still miss you very much,
I hope you know,
How the time does fly as do the days of our lives,
The days go by so fast and evenings are long until morning
arrives,
One day we will meet in Heaven,
only God knows when,
So if we are together again I will miss you and love you
until the end,
My dearest Ed, I wish you a very
Blessed Christmas in Heaven
Your beloved wife, Marle

Forest County trails... Cont. from pg. 1
donation by the Sugarbush Snowmowheelers Snowmobile Club. “This generous
donation has purchased 8,000 snowmobile trail maps,” stated Forest County
Snowmobile Council President, Jack Kossa. “We really appreciate the Snowmowheelers
support to provide maps to all five snowmobile clubs and snowmobilers in our area.”
Please support the Sugarbush Snowmowheelers efforts and enjoy a day of fun by
participating in the annual Poker Run that is scheduled for the first Saturday in February.
Please remember that the Nicolet State Trail and the Wolf River State Trail are the
only snowmobile “trails” in Forest County that are currently open for winter ATV use.
ATV “routes” on gravel or backcountry roads will remain open to ATV use.
The Forest County Snowmobile Trail Ordinance currently prohibits ATV use and
motor vehicle use on all other snowmobile trails in Forest County. Forest County ordinance
prohibits the use of any licensed car or truck on any snowmobile trail.
If you encounter trucks or vehicles on snowmobile trails this winter please report
their license number immediately to 911 or the Sheriff’s Dept at 715-478-3301 or Call the
Forest County Forestry Department at 715-478-3475. Updated trail condition reports can be found daily
by calling the Forest County Snowline at 715-478-2040 or logging onto the Forest County
website at www.forestcountywi.com. This website also provides links to local
snowmobile clubs that provide daily grooming reports and maps of the Forest County trail system.

MCCAmlin Lions host annual Childrens Christmas Party
Recently the McCaslin Lions Club hosted the annual Christmas Party for area children ages 10 and under at the Townsend town hall. Bingo was played prior to lunch being served. Santa arrived with the help of the Townsend Fire Dept. with sirens and red lights a flashing! Santa listened to each child’s wish for a Christmas present. After Santa’s visit 20 age appropriate trikes and bikes were given to 20 lucky children. A great time was had by all.
Take out a camera and it can be surprising what people will do. We have no idea why this fellow is up in the tree without a safety belt, but it was a long time ago, and there is nobody left to ask! This from the Cronce collection.
