Conservation Corner

A Call for Action- USFS Recreation Program Public Input

Conservation Corner is a regular article produced by the Forest County Land & Water Conservation Department. For more information contact Al Murray, Land & Water Resources Technician at 715-478-1387 or by e-mail at lcc@co.forest.wi.us.

Last week I was assigned to attend a stakeholders meeting with the Chequamegon-Nicolet National Forest regarding recreational facilities on the National Forest. CNNF staff has been working to develop a sustainable recreation program with specific focus on campgrounds, boat landings, trailheads, picnic areas and beaches. As per their staff and the website, the Forest can no longer afford to finance aging facilities, underused picnic area, campsites, and recreation areas. At the meeting USFS staff presented draft proposed management actions in which 45 sites would have no changes, 22 sites would be essentially eliminated by conversion to general forest area as infrastructure is removed and the remaining 126 sites would have varying proposed actions ranging from increased amenities to changes in the level of operation and maintenance. The comment period for this proposal is currently open.

This week I completed a review of the USFS proposed actions related to sites within Forest County or those in close proximity to our county line. Actions within these areas will have potential positive and negative impacts to our businesses, our residents and the visitors to our area.

To the benefit of Forest County businesses, residents, and visitors, improvements will be made at 8 campgrounds including those at Ada Lake, Anvil Lake, Bear Lake, Franklin Lake, Kentuck Lake, Laura Lake, Pine Lake and Richardson Lake. The people and businesses of Forest County must make their voices heard and show support for these improvements in USFS facilities, maintenance and improvement of facilities are critical to our county and our towns and our economy.

Negative impacts of the proposal to Forest County businesses, residents and visitors include elimination of 7 recreational sites by conversion to forest areas. The proposed elimination includes the Big Joe Canoe Access and Campground, the Brule River Campground and Canoe Landing, the Burnt Bridge Canoe Access, the Burton Wells

Candidate Spotlight

Anyone seeking political office is invited and encouraged to announce their candidacy in the Candidate Spotlight. It is an opportunity to tell the voters why you are running, goals if elected, etc. It is not a forum for bashing an opponent, and there is no charge.

7th CD Candidate Statement from Margaret Engebretson (Democrat) October 23, 2018

Something has gone desperately wrong with our political system. We all know it. Our political life has become toxic and our government seems increasingly incapable of effectively addressing the needs of the people. Something needs to change.

I've always felt a sense of duty and obligation to serve my country. I served 24 years in the U.S. military (three years active duty Navy followed by twenty-one years in the Guard and Reserve). After my active duty enlistment, I worked as a union railroad locomotive electrician and train dispatcher before putting myself through UW-Superior and the UW Law School. I understand the district, its people, and the needs of our communities.

Right now, we need bold leadership that will fight hard for the people of the district and for the changes that we need. As your representative, I will protect people with pre-existing conditions and work for a Medicare for All public health insurance program that covers everyone from the day they are born until the day they die so that we will no longer be at the mercy of private health insurance companies and so that never again will anyone have to worry about losing their coverage. I'll fight for the investments in highways, rail, and broadband that our rural and small-town communities need to survive and thrive.

The bottom line is this our elected officials take an oath to "support and defend the Constitution" and to faithfully discharge the duties" of their office. I will fulfill this oath by being a fierce advocate for the people of the district and by fulfilling my constitutional obligation to act as a check on the other branches of government. I ask for your vote on November 6.

HAPPY HALLOWEEN!

Historical Walk & Talk scheduled for Friday evening, October 26 in Crandon

Crandon pre-1909

The Crandon Area Historical Society is excited to announce a partnership with the Crandon High School Drama team on an upcoming historical tour. Members of the Drama Team will provide a guided tour of main street Crandon portrayed as early Crandon residents including Joe and Dort Keller, Sam and Loise Shaw, Tom Fannin, Frank and Martha Hellstrom, Doc Rathert to name a few.

The tour will feature stories of both the buildings and residents of early Crandon. The Crandon High School Band will be providing musical entertainment throughout the evening in the Courthouse gazebo just like the original Crandon Bass Band did over 100 years ago.

Tours will begin at 6:30, 7:00 and 7:30 p.m. at the Crandon Historical Society located at 103 W. Jackson street in downtown Crandon. There you will be greeted by the original owners of the house museum, Henry and Etta Carter, portrayed by Historical Society members Warren and Linnea Dorau. The cost of the tours are \$5.00 per adult and \$2.00 per student.

Proceeds from the event will benefit both organizations. Tour attendees are encouraged to dress for the weather, wear comfortable walking shoes and bring their own flashlight.

Halloween Shoot in Argonne

Trap shooters can celebrate Halloween a bit early with the Halloween Shoot, sponsored by the Argonne Black Bear Sportsmen's Club, in Argonne.

The 50 Bird Lewis Shoot and meat shoots begin at 5:00 p.m. and run until 9:00 p.m. The Lewis Shoot begins at 6:00 p.m.

The event is on Saturday, October 27th. There will be multi-colored birds under the lights, and food and beverages will be available.

Wabeno Legion Auxiliary presents musical tribute to Veterans Nov. 10

To celebrate Veterans Day 2018, Wabeno American Legions Auxiliary Unit 44 proudly presents God Bless America Again. This musical tribute to our military heroes is a stirring and inspiring production that you will not want to miss. It will be staged on Saturday, November 10 at the Townsend Town Hall with shows at 2:00 and 7:00 p.m. Admission is \$8; doors open one hour prior to performances.

Informative and entertaining narration will accompany each musical number. Researched and written by Kathleen Marsh, the original narrative briefly details the various conflicts engaged in by America's military, explaining how the carefully selected songs rallied both the troops and the home-front. Scott Wycherley is in charge of music for the program.

Each program features patriotic songs dating from the American Revolution to Operation Desert Storm. This is the first time such a program will be performed in this area, but Marsh and Wycherley teamed up in June 2016 to stage the Townsend Centennial Church Tent Revival, which got rave reviews from those in attendance.

Singing that afternoon and evening will be St. John Townsend's God's Guys and Gals (Elizabeth Couillard, Don Franzen, Kathy Jesinski, Marilyn Karow, Steve Mueller, Annette Neitzer, Cheryl Paulson, Vicki Pintsch, Dick Popp, Melody Stake, and Scott Wycherley) with solos by Elizabeth Couillard, Don Franzen, Mary Ellen Keller, Pat Lowery, Annette Neitzer, Cheryl Paulson, and Faye Thielke.

Reserved seating is available for those with disabilities by calling 715-276-6515.

Quiz: How well do you know Social Security?

By the GWAAR Legal Services Team

Question:

1. You can increase your monthly Social Security
benefits by delaying receiving benefits until age 67.
2. Children can receive Social Security benefits.
3. When a person claims spousal benefits, it
causes their spouse or ex-spouse's Social Security benefit
to be reduced.
4. Government workers do not pay into Social
Security.
5. A divorced spouse can only collect benefits on
an ex-spouse's record if the former spouse has already
claimed benefits.
6. You can collect two full checks at the same time
– a spousal benefit and a benefit based on your own work
record.
7. An annual cost-of-living adjustment (COLA) is
guaranteed.
8. Foreign citizens cannot collect Social Security
benefits.
9. If I keep working while collecting benefits, my
income will be subject to the payroll tax.
10. A couple must be married for at least 10 years
before a person can collect spousal benefits on their
partner's record.

Answers

1. True. For those born in 1960 or later, the full
retirement age is 67. If you receive benefits before
reaching that age, then your monthly benefits will be
reduced, depending on how early you begin receiving
them. (The earliest age you can begin receiving benefits is
62).
2. True. Children under age 18 can receive Social
Security benefits if their parent or guardian is receiving
benefits. They can also collect survivor benefits in the
event of a parent's death.

3. False. Spousal benefits do not cause the
primary earner's benefit to be reduced, even if more than
one person is claiming on that record.
4. False. Since 1984, all new federal government
employees, including members of Congress, have been
paying into social security and are eligible for full
benefits.
5. False. Divorced spouses do not have to wait
for their former spouse to claim benefits, but they do have
to wait for their ex to turn 62 before they can claim on their
record.
6. False. A person can collect on only one record
at a time. However, in some cases it is possible to switch
benefits to maximize your lifetime income.
7. False. COLA increases are based on inflation.
If there is no inflation in a given year, benefits will remain
the same in the following year.
8. False. As long as a person has paid into Social
Security for 40 quarters (10 years), he or she will be
eligible for Social Security benefits. Foreign citizens can
also qualify for spousal benefits under certain
circumstances.
9. True. Payroll taxes are deducted from almost
all workers' paychecks, regardless of age. While you
cannot avoid these taxes, it is possible that they can
increase your monthly benefit in the future.
10. False. The 10-year rule only applies to
divorced couples that are claiming on their former
spouse's record. Newly married couples only have to
wait one year before they become eligible for a spousal
benefit.

elimination number to 9 sites. The people and businesses
of Forest County must make their voices heard and provide
negative comments for the elimination of these USFS
facilities, it is critical to our county and our towns to maintain
a maximum number of facilities for visitors and residents
alike for our economy.

I would like to express my opinion on elimination of
canoe accesses and river sites in the USFS proposal.
During my lifetime in Forest County the canoe accesses
had good usage approximately 15-20 years ago. At that
time the USFS made efforts to cut trees across the river
routes between landings annually, usually utilizing students
from the Blackwell Job Corps. The practice of maintenance
of the river routes has since ceased. The result is that the
canoe landings have little use. At this point when kayak use
is becoming very popular by residents and visitors, it is a
very poor time to eliminate stream facilities that could
ultimately benefit Forest County. I would recommend that
users interested in canoeing and kayaking and businesses
that benefit from these users comment on the online site or
at the hearings.

One other item that I found to be a negative impact
is proposed reduced maintenance on sites including
snowplowing. The particular concern I have is elimination
of snowplowing at Butternut Lake, Franklin Lake, Halsey
Lake, Kentuck Lake, Laurel Lake, Lost Lake, Lower Nine
Mile Lake, and Stevens Lake. This elimination of
snowplowing will likely result in little or no access for ice
fishermen on those lakes. I would recommend that ice
fishermen comment on the online site or at the hearings.

We all understand the impacts of the National
Forest on our property tax base. It is time for us as residents,
business owners and users to promote and retain
recreational facilities and maintenance that benefit our
economy and our forest use.

Increased access by ATV's to sites was not
addressed in this proposal, increased access to mountain
bikes was not addressed in this proposal, increase access
and maintenance of hunter walking trails was not
addressed in this proposal.

Now is time for us all to act. Comments may be
made on this proposal at:

<https://usfs.maps.arcgis.com/apps/Crowdsourcing/Polling/index.html?appid=83f07eb112884b8b945f4dc328a0fc58>
or by attending:

- ** November 8 from 5 to 7 p.m. at the Cable Community Center in Cable
- ** November 13 from 5 to 7 p.m. at the North Star Lanes in Antigo

While comments are usually limited by directed
questions by the USFS, please include proposals to
improve access to facilities across the forest. Please
maximize the number of comments that you make and
comment often to insure that the voice of Forest County is
heard! Businesses, make sure to mention economic
impact, it will be important later in the NEPA process.

Ed Smith INSURANCE TIP HOME FIRE SAFETY IN COOLER WEATHER

Devastating house
fires can happen in an
instant, and many begin
due to human error. The
U.S. Fire Administration
reports that cooking tops
the list of residential
building fire causes (50%),
followed by heating
equipment (12.5%) and
electrical malfunction (6.3
%).

Make your fall and winter
seasons merry, bright and
fire-free with these
essential fire safety tips.

**1. Schedule a chimney
inspection at least once
a year.** Creosote, or
condensed smoke, builds
up on the flue and can
catch fire. An annual
cleaning and inspection
can prevent chimney.

**2. Keep flammable items
at least three feet from
heat sources.** According
to the National Fire
Prevention Association,
56% of fatal home heating
fires ignite from items
being used too close to
heating equipment. Make
sure everything is a safe
distance from heat
sources, including the
furnace, space heaters,
fireplaces and wood
stoves.

**3. Check smoke
detectors frequently.**
Approximately 60% of
house fire deaths happen
in structures with no
working smoke alarms.
Test your home's smoke
alarms monthly and
replace batteries each
year.

**4. Have a family escape
plan and practice it
regularly.** All household
members need to know all
exit strategies in case a fire
breaks out, as well as
where to meet once they're
safely outside. Have a
semiannual drill and
practice at different times
of day.

5. Cook safely. Never
leave the room when
boiling, frying or baking,
keep pot holders and dish
towels away from the flame
and immediately turn off
appliances when not in
use.

**6. Be mindful of holiday
decorations.** If you
choose to decorate with
strings of lights, always
check their condition first.
Throw out those with
exposed electrical wiring
and be sure to read over
the manufacturer's
instructions.

Crandon Lions conduct eye exams at Crandon Elementary

The Crandon Lions Club and students from Mr. Voll's fifth grade class at the eye screening

Five Crandon Lions provided vision screening for first, third and fifth grades on Tuesday October 16th. 183 students were screened using LEA symbols on a chart at a distance of 10 feet. Both left and right eyes were screened. About nine percent of the students were identified with signs of possible eye trouble. Parents and guardians were mailed the results of their students screening. If a problem was detected, a professional eye examination is recommended. If a hardship is a factor in providing additional testing, please contact a Crandon Lions Club member. The club is always available to help.

Why is screening important? Vision problems affect one in every four school aged child and one in every twenty preschool aged child. Eighty percent of a child learning is related to sight.

Since Lions Club International was founded in 1917, Lions have worked on projects designed to prevent blindness, restore eyesight and improve eye health for hundreds of millions of people worldwide.

The Lions Club is always looking for new members. The Lions Club meets every third Monday of the month at Duck's Bar at 5:30 p.m. The meetings are open to the public. The club is also planning their annual fish-o-ree to be held on Saturday, January nineteenth at the city hall. Money raised helps support 2 \$1,000.00 scholarships. Tickets are available from any member of the club.

Well Woman program provides breast cancer screenings

October is National Breast Cancer Awareness Month and to raise awareness, the Forest County Health Department encourages annual well woman visits and breast cancer screening with mammograms. The benefit of having regular mammograms is finding breast cancer early, when it is easier to treat. Women age 40 and older should discuss when to begin breast cancer screening and how often to have a mammogram with their health care provider.

"Not all women have insurance to cover the cost of breast cancer screening", states WI Well Woman Program Northern Region Coordinator Nichole Peplinski, "and there is a state-wide program to help these women receive this service".

WI Well Woman Program provides FREE mammograms and other breast cancer screenings to eligible women ages 45-64, or ages 35-44 with breast symptoms or concerns. The program also provides cervical cancer screenings.

"Women with little or no health insurance that are in need a mammogram are encouraged to contact the WI Well Woman Program," states Peplinski.

Oneida County Health Department provides case management for women enrolled in WI Well Woman Program for nine counties in Northern Wisconsin: Oneida, Ashland, Bayfield, Florence, Forest, Iron, Price, Sawyer and Vilas. The Forest County Health Department is encouraging women with little or no health insurance and interested in applying for WI Well Woman Program, to contact the Northern Region Coordinator, Nichole Peplinski RN, BSN at 715-369-6119 or via email at npeplinski@co.oneida.wi.us.

Forest County Aging Dept. offers Living Well with Chronic Conditions Workshop

Forest County Aging Dept. will be offering a Living Well Workshop series beginning Monday, November 12 through December 17th from 1:00 p.m. to 3:30 pm. at the ADRC of the Northwoods at 300 A. So. Lake Avenue, Crandon.

Living Well is a six-week program for people with chronic diseases and their caregivers. Chronic diseases are ongoing health conditions and include diabetes, arthritis, HIV/AIDS, high blood pressure, depression, heart disease, chronic pain, anxiety, multiple sclerosis, fibromyalgia, and others.

During the workshop, participants receive support from trained leaders and other workshop participants, learn practical ways to manage their pain and fatigue, learn about nutrition and exercise options, understand new treatment choices and learn better ways to communicate about their conditions with doctors and family members.

The goal is to help people better manage their health conditions and deal with the frustration, fatigue and pain that can accompany a chronic disease. To register or for more information for the upcoming Living Well workshop, contact Tammy Queen at the Office on Aging at (715) 478-7712. This workshop is free.

Cast chemistry unites actors in Nicolet Players' "Over the River and Through the Woods"

Marcia Sattelberg, left, refines her character during a rehearsal of Over the River and Through the Woods with actors Josh Gustafson, center, and Dave Daniels, right.

Marcia Sattelberg sees more than a little of herself in the spitfire grandmotherly character she plays in the upcoming Nicolet Players production of Over the River and Through the Woods.

"She's a real instigator, sometimes sarcastic, even snarky at times," she said. "She's a stinker who likes to stir the pot. In other words, she's really a lot of fun."

When Sattelberg takes to the stage in early November to play the role of Emma Cristano, she will bring a wealth of stage experience with her. Since 1990, she estimates she's been in more than 40 different productions. Her experience includes three seasons of summer stock in different parts of the country and multiple plays with the Wausau Community Theater, the Northern Lights Playhouse, and, of course, the Nicolet Players.

The story that unfolds in Over the River and Through the Woods revolves around a close-knit Italian New Jersey family, with the focus specifically on grandson Nick.

For years Nick has made it a weekly tradition to get together with both sets of grandparents to have a relaxing Sunday dinner.

Then one day the company Nick works for offers him his dream job as a marketing executive. There's only one catch. It's across the country in Seattle.

The news doesn't sit well at all with the grandparents and they quickly devise a scheme and play matchmaker by inviting the lovely – and single – Caitlin O'Hare over for Sunday dinner.

Comedy ensues and the plot thickens as the grandparents launch their master plan to keep their precious Nick close to home.

Nicolet College Theatre Director Jim Nuttall said a smile crossed his face when he saw Sattelberg walk in the door for auditions. He had cast her before in two other Nicolet Players productions, "The Mystery of Edwin Drood" and "The Games Afoot."

Sattelberg noted that performing with the Nicolet Players is and always has always been one of her favorite stage experiences.

Instead of having 20 to 30 actors in a production like she's experienced with other theater troupes, Sattelberg said she really enjoys the smaller casts the Nicolet Players commonly offer.

Performances are scheduled for 7:30 p.m., Friday and Saturday, Nov. 2 and 3; Thursday through Saturday Nov. 8 to 10; and at 2 p.m. on Sundays, Nov. 4 and 11.

Tickets are \$10 for the general public and \$8 for students and seniors and can be ordered online at nicoletlive.com or by calling (715) 365-4646.
