## Weeds 'N' Walleyes-raising money for the health of Lake Metonga

Weeds 'n' Walleyes are two of Lake Metonga's on going challenges. While walleye numbers continue to grow, approaching good-old-days numbers for some lucky fishermen, Eurasian water milfoil (EWM) is becoming a real nuisance. If your spending anytime, on or in the water this summer, you know first hand the problems with fouled propellers, plugged jet ski intakes, weed bound tillers on a sailboat or dangerous swimming entanglement.

The extent of the EWM matting was very predictable from our past experience. We knew the year after the weevils froze out that the EWM footprint doubled. We learned that the year after a failed method of treatment application, the EWM acreage doubled.

For the years 2014 and 2015 the Lake Metonga Association was permitted to treat only the acres adjacent to the city and county beach and boat launch areas. This limited treatment program allowed the untreated EWM beds to double in 2014 and re-double in 2015.

Thats the bad news. The good news is that the Wisconsin DNR will provide a 65/35 funding grant for a major treatment in 2016.

The Lake Metonga Association is pulling out all the stops to meet their share of the 2016 treatment costs. Bake sales and car washes won't be enough to get the job done this time. The Association has raffles and boards at Kentuck Days, Art in the Square, a state-wide "Sportsman Raffle", numerous boards for fire-pits and antique Chris-Craft, rides at you favorite bars and restaurants and the BIG ONE! our Weeds 'N' Walleye Banquet Auction at Mole Lake on October 10th, 2015.

The local businesses have really stepped up in supporting our fund raising efforts. These sponsors get beat-up every day by countless groups and organizations needing donations. When approached, they smile, pick themselves up, dust themselves off, and give, give, give. It is truly a heartwarming experience when given a \$10 gift or \$1,000 in coupons, knowing yours is the fourth request that day.

Lake property owners and Friends of Lake Metonga, you can help by buying a raffle ticket, a square on a board, sponsoring a table at our banquet but most of all, supporting our local businesses. They rock!

Kick off for the Weeds 'N' Walleye Banquet auction will be August 15th. Don't miss this opportunity to have a great time, for a good cause with 300 friends and neighbors on October 10th at Mole Lake.

## Little Rice Flowage meet leaves mixed feelings

By Mike Monte

A meeting between the DNR and concerned citizens was held last Wednesday evening, July 27, at the Crandon School auditorium.

About 80 people attended the meeting to air their complaints, advice, and to listen to the information provided by the DNR on the topic of Little Rice Flowage, located west of Crandon. The flowage is part of the Wolf River that flows out of Pine Lake near Hiles. It has been a treasured fishing area and duck hunting spot for countless people through the decades.

The meeting was opened by Chuck McCullough, DNR Area Wildlife Supervisor, Antigo. McCullough handed the podium over to Jason Cotter, who is a DNR Wildlife Biologist and the manager of Little Rice.

Cotter covered some of the history of the flowage, and said that the Town of Crandon originally owned the dam on the flowage, that dated back to 1936 and 1937 and piled up 1219 acres of water. The dam was operated by Town of Crandon from 1938 until 1952, when the structure was sold to the DNR. The DNR offered the dam to Forest County in 1983 for \$1.00, but the county didn't like the offer.

Cotter also talked about periodic drawdowns to the flowage in 1989, 1990, and 1994. Without getting into a very technical explanation, the dam is currently at a 94-foot benchmark. The current dam is a remodel from 2014, when \$171,00 was spent on the structure.

## Help Kolton! Benefit for this young guy planned for August 22 in Wabeno

There is a benefit planned for Kolton Ouellette, a youngster who is the victim of terrible child abuse. Back in October of 2013, when Kolton was 20 months old, he was treated roughly by an man who is now in jail for his actions. Kolton is the son of Andy Ouellette, who, it should be made clear, is not the abuser.

Kolton suffered severe brain injury and several broken bones. He is now three years-old and can't walk, talk, or even open his eyes completely.

Friends and family are doing the benefit to help in his continuing need of medical services and supplies.

The date of the benefit is August 22nd, from 12-4:00 p.m. at the Wabeno Firefighter's Grounds.

Clearly, any and all donations will be greatly appreciated, either in money or items to raffle off at the benefit. Cash donations should be sent to Laona State Bank, C/O Kolton Ouellette Benefit, P.O. Box 189, Wabeno, Wisconsin. Donations can also be made in person at any of the branches of the Laona State Bank in Crandon, Laona, Lakewood or Armstrong Creek.

If you have items you would like to donate for the benefit raffles, call Lori Exferd at 715-850-1335 or Leslie Howen at 715-889-1452.

## Momma eagle loses her dinner

Sometimes it just doesn't pay to be a mother, even if you're an eagle. This Rollingstone Lake momma eagle caught a nice northern pike and was able to pull off one nice fillet before junior showed up. He should be learning to fend for himself, but put up a fuss, trying to take Mom's meal away. Then, the lazy father showed up and helped himself to Mom's hard work fishing. It's just not fair!

## Wabeno Library News

I don't know about you, but the Wabeno Public Library can't believe how quickly this summer is going by! We've already finished up our summer reading program on Saturdays. We had some great kids week in and week out. They spent their Saturday mornings making super hero costumes and reading books. While the summer may be in the home stretch and school is on the horizon, we're not done with summer yet here.

We invite kids to join us on Tuesday, August 11th at 3 p.m., to welcome Randy Peterson. His "Searching for a Super Hero" musical story will feature 45 minutes of "fun-filled new songs and rhyming narration [that] will keep audiences engaged." Randy has been performing for 25 years and has always been a favorite amongst kids who have seen him perform in the area schools. We're very excited that he has agreed to swing by Wabeno and perform for us. So please bring the kids by for a fun-filled afternoon of entertainment!

While stopping by, please don't forget to check out our large selection of books and DVDs for children and adults alike. Some of our newest items include The Jesus Cow, by Wisconsin author Michael Perry, James Patterson's latest novels, and best of all, Dr. Seuss's newest book, What Pet Should I Get?

Just a reminder, the library hours are: Tuesday/Friday - 10-5; Wednesday/Thursday - 12-5; and Saturday - 9-12. Feel free to find and like us on Facebook: www.facebook.com/wabenopubliclibrary. Also, keep an eye out for upcoming information on an end of the summer party we're planning.

## Material needed for Townsend Centennial

Townsend historian Kathleen Marie Marsh is working on a special book for the Townsend Centennial. Anyone wanting to share memories/human interest stories of life in Townsend is asked to email them to kathiemarsh@yahoo.com or call 715-276-6515. Please keep submissions as short as possible since space is limited.

Marsh is also seeking "memoir" photos that people are willing to share for possible inclusion in the book. Send jpeg photos (at least medium resolution) to her at the email address in this article or call to arrange pick-up for scanning. All originals will be returned to the owners.

Marsh also needs information on families who were living in Townsend in 1916 and whose descendants still live there for a special chapter on "bookend" families of the Township. Accompanying photos of family members are highly desirable. The deadline for inclusion of all materials is January 1, 2016.

Application forms are being sent to all homes with a notice to parents or guardians. To apply for free or reduced price meals or free milk, households must fill out the application and return it to the school (unless notified at the start of the school year that children are eligible through certification). Additional copies are available at the office in each school. The information provided on the application will be used for the purpose of determining eligibility and may be verified at any time during the school year by agency or other program officials. Applications may be submitted at any time during the year.

To obtain free or reduced price meals or free milk for children in a household where one or more household members receive FoodShare, FDPIR, or Wisconsin Works (W-2) cash benefits, list the household member and the FoodShare, FDPIR or W-2 case number, list the names of all school children, sign the application and return it to the school office.

For the school officials to determine eligibility for free or reduced price meals or free milk of households not receiving FoodShare, FDPIR or W-2 cash benefits, the household must provide the following information requested on the application: names of all household members and the adult signing the application form must also list the last four digits of his or her Social Security Number or mark the "I do not have a Social Security Number" box. Also, the income received by each household member must be provided by amount and source (wages, welfare, child support, etc.).

Under the provisions of the free and reduced price meal and free milk policy Jennifer Vogler, District Administrator, will review applications and determine eligibility. If a parent or guardian is dissatisfied with the ruling of the official, he/she may wish to discuss the decision with the determining official on an informal basis. If the parent/guardian wishes to make a formal appeal, he/she may make a request either orally or in writing to: Janet Opiela, Board President, PO Box 460, Wabeno, WI 54566 or PH 715-473-2592.

If a hearing is needed to appeal the decision, the policy contains an outline of the hearing procedure.

## Lake Lucerne Advancement Assoc. donates

Jack Kloss and Lexanne Hitchcock, Lake Lucerne Association board members, deliver donations to the Forest County Humane Society and NEWCAP.

The members and friends of the Lake Lucerne Advancement Association held a Meet Your Neighbor get-together at the association's facility on County W.

All participants were asked to bring a donation for the Forest County Humane Society and/or NEWCAP.

A great number attended the event, and over \$500 worth of donations were received. Lexanne Hitchcock and Jack Kloss, board members, delivered the donations.

The association board is planning the same event for next year. It's a great opportunity to socialize with other lake residents that you don't normally meet. The club provides the food and refreshments and participants bring a dish to pass.

### Two confirmed cougar sightings in Langlade County

RHINELANDER, Wis. -- Wisconsin Department of Natural Resources biologists have confirmed two cougar sightings in Langlade County in northern Wisconsin. On July 27, the department received a trail camera photo from a Langlade County landowner of a cougar taken July 9.

On Aug. 3, a second Langlade County landowner submitted a trail camera photo of a cougar - this photo was also taken July 9.

After site evaluations, DNR staff confirmed the location of each photo. These photos were taken roughly six miles apart at a 20-hour interval.

Genetic evidence suggests cougars known to have entered Wisconsin are male cougars dispersing from a breeding population in the Western United States. There is currently no evidence that cougars are breeding in Wisconsin.

Cougars are a protected species in Wisconsin and hunting is not allowed. Cougars are not considered a threat to public safety, and in the unlikely event that a person is confronted by a cougar, face the animal and spread your arms and open your coat or jacket to appear larger. If a cougar approaches, make noise and throw rocks or sticks.

Individuals who observe cougars in Wisconsin are urged to report their findings using the Rare Mammal Observation form. For more information, visit [dnr.wi.gov](http://dnr.wi.gov) and search keyword "cougar."

Eagle specialty license plate now available  
for ordering celebrates bald eagles'  
comeback and lays foundation for next success

MADISON - Thanks to dedicated conservation efforts, bald eagles are soaring high once again over Wisconsin. Now, motorists can celebrate this accomplishment with a striking, one-of-a-kind license plate featuring an image of an eagle landing on the waters of the Mississippi River.

The Wisconsin Department of Natural Resources and the Department of Transportation's Division of Motor Vehicles unveiled the new license plate today in a ceremony in Prairie du Sac, where bald eagles commonly fly along the Wisconsin River.

Displaying this plate also lays the foundation for the next conservation effort.

"This license plate honors an incredible conservation success story - the dramatic comeback of eagles in Wisconsin and the people who helped bring them back," said Gov. Scott Walker. "Sales of this plate will lay the foundation for more conservation successes."

The eagle license plates are being printed and stamped this month and the Division of Motor Vehicles will be filling orders starting Sept. 1. The form to order the plate is now online and in DMV offices today.

Purchase of the eagle specialty license plate includes a \$25 annual donation to the Endangered Resources Fund, which pays for work by DNR's Natural Heritage Conservation staff and partners to protect and restore rare plants and animals and unique natural areas. License plate sales are a critical source of funding for that work.

"We have a proud conservation legacy in Wisconsin," DNR Secretary Cathy Stepp said. "Purchasing a plate is an important way you can be part of that legacy and care for the resources that benefit us all."

The eagle specialty plate can be purchased at any time; motorists do not need to wait for a registration renewal notice. Orders can be placed by going to the Department of Natural Resources' website, [dnr.wi.gov](http://dnr.wi.gov), and searching for "eagle plate." Order forms are also available to download from the Department of Transportation Endangered Resources license plates (exit DNR) website and at local DMV service centers.

The photograph featured on the plate was submitted by Troy Hattermer showing an eagle landing in the backwater sloughs of the Mississippi River near Hager City, Wis. Hattermer's image was among more than 2,000 submitted by citizens for consideration.

Little Rice Meeting Cont. from pg. 1

The drawdown that upsets local residents occurred in the winter of 2012, and appears to have killed almost every fish in the fishin' hole. This appears to be part of the rub on flowage management. Locals look at Little Rice as a place to duck hunt and to catch nice bluegills, crappies, northerns and bass. They also like to hunt ducks on this body of water.

The DNR, however, views the flowage as a wildlife area, and not an area to manage for a fishery. Locals, of course, have always had both uses, and they want to continue that usage.

In the course of this often animated conversation, the difference between a lake and a flowage was covered. A flowage, unlike a lake, is a body of water that covers, in many instances, private land that the landowner allowed to be flooded. A natural lake, of course, wasn't added after people owned the bottom.

The DNR stated that their goal is to enhance the wild rice for migratory birds, and that is something that many citizens don't approve of. Their argument is that as wild rice dies in the fall and falls to the bottom, it uses oxygen needed by fish as it decays. Most of those in attendance were in favor of raising the water level in the flowage by a foot or so, but this can change the levels that the wild rice needs. It can also flood more land that is low lying, and that can upset landowners who already have some of their land under water.

It was explained that to bring water levels up, 100% of the landowners have to agree with the increased water level or submit to a court action. This doesn't mean that the water level can't be increased, but it does mean that it can be a long and drawn out process.

McCullough explained that the first step has been taken with the petition that is being circulated. He also said that there are laws that have to be followed, and the DNR will have to apply for changes to bring the level above 94 feet, which is the allowed maximum level currently. He also stated that this process requires patience, and environmental analysis and a public notice and hearing before their is a disposition of levels.

While many attendees didn't like what they heard, it would appear that the process is the only choice, and there will be no quick fix.

There was much conversation about past days on the flowage, the size and quantity of the fish, and I expect a lot of unsatisfied fishermen, but it is a start.

How much exercise is enough?

Most Americans are not getting enough physical activity to maintain muscle strength, joint flexibility and weight control. In addition, lack of exercise can contribute to high blood pressure, osteoporosis, heart disease, diabetes and other chronic conditions.

In January, the USDA released new dietary guidelines that include recommendations for exercise. The report recommends a minimum of 30 minutes a day for health protection. It suggests moderate-intensity physical activity, such as walking, cycling or gardening.

For people who need to lose or control weight, the report suggests more exercise, 60-90 minutes on most days of the week. First see your healthcare provider if you are unaccustomed to this amount of activity.

All career and technical education programs follow the District's policies of nondiscrimination. In addition, arrangements can be made to ensure that the lack of English language skills is not a barrier to admission or participation.

The District encourages informal resolution of complaints under this policy. A formal complaint resolution procedure is available.

### ACCESS TO PUBLIC RECORDS

The Board of the School District of Wabeno Area shall allow persons to have access to school district records in accordance with this policy and implementing procedures and in accordance with the law.

The district administrator is designated as the legal custodian of records. The legal custodian shall safely keep and preserve records of the authority and shall have full legal power to render decisions and carry out duties related to those records maintained by any school district authority. The legal custodian may deny access to records only in accordance with the law.

Public records may be inspected, copied and/or abstracted at any time during the established district office hours, which are from 8:00 A.M. to 4:00 P.M., Monday through Friday. The legal custodian may establish fees for services in accordance with the law. A list of fees is available at the district office.

#### STUDENT RECORDS

Student records are maintained to assist students, parents, guardians, and the school in achieving the student's educational goals. Such records are accumulated, maintained, released, transferred, and eventually destroyed by the building principal or his/her designee in accordance with state and federal law. Only those individuals or agencies specifically authorized by state and federal law shall be granted access to a student's records.

The school district does forward records to other schools that have requested the records and in which the student seeks or intends to enroll, or is already enrolled, as long as the disclosure is for purposes related to the student's enrollment or transfer.

An adult student or the parent/guardian of a minor student may inspect the student's records in accordance with administrative policy and established procedures and may challenge the content if he/she believes the records are inaccurate or misleading. Such a complaint would be filed with the building principal. If not satisfied with the decision, an appeal avenue is available through the Family Policy and Regulations Office of the U.S. Department of Education.

*Soups on!*

It was a fantastic day for the 95th annual Laona Lions Community Soup at Silver Lake Beach on Saturday August 1st. The aroma of soup and grilled items filled the air as the runners were getting ready to start the day in the Souper Run. The excitement on the young runners faces at the starting line was precious.

The children enjoyed the games and the bouncy house throughout the day. Before noon the line of people formed to get a bowl of soup and enjoy it with family and friends. The Blind volleyball tournament started early afternoon. Many wheel raffles were held during the afternoon. The sawing contest had an overwhelming response and everyone had fun.

Soup raffle winners: 1st 500.00 Sue Laskowski, 2nd 250.00 Sue Laplante, 3rd 125.00 Mel Sonnentag, 4th 50.00 Gary Michels, 5th 25.00 Tom Cleereman, III, 6th 10.00 Jen LaPlante, 7th 10.00 James Sparks, 8th 10.00 Bob Durant, 9th 10.00 Ross Steeler, 10th 10.00 Matt Verich.

## Shaking hands with the President

Arlyn Ackley, Jr., Vice-Chairman of the Sokaogon Chippewa Community at Mole Lake, recently was in Washington on tribal business. He had the opportunity to shake the hand of President Obama.

Shaking hands with the president isn't something most of us ever experience, and it is a momentous occasion. His mom thought it should be in the paper, and we agreed!

Okay, it isn't the best photo ever taken. But it is Arlyn's hand! The President also has his eyes closed, but then again, he probably isn't used to being photographed. Alright, he probably is, but not by a Mole Laker who might just have been a little nervous.

Regardless, of these small faults with the photo, Arlyn did get to meet the President, and we congratulate him!

## 2nd Annual Pork'n'Bean Invitational Coming Up!

Back in 2014 it has been decided, after some hard thinking and a few drinks, that the Redneck Golfers from My Bar in Townsend would like to hold an event in honor of Terry Rank, who loved his Redneck golf! But, as anyone who knew Terry knows, he didn't do much unless it was for the community and in keeping with that tradition the proceeds will be put in a fund for area community improvements.

So, on Sunday, August 23rd, the Sleepy Hollow Mini Golf Course will be the site of the 2nd Annual Pork'n'Bean Invitational Mini Golf Outing. This will be a two-person team event, cost is \$25 per person. There will be fun course events and raffles. The golf starts at NOON, with registration at 11:00 at Sleepy Hollow. After the golfing is done, the fun will continue at My Bar/Birch Hills Resort with food (including Terry's favorite recipe Pork'n'Beans), more raffles and golfing prizes awarded.

To sign up for this 'promising to be a crazy fun' day, you can call 715-276-6195 or 715-276-7088.
