## Wisconsin Trail Passes required so join a snowmobile club!

If you plan to ride your snowmobile on a Wisconsin Trail System this year, you better have a WI Trail Pass Sticker displayed on your windshield of your registered snowmobile. As of July 2015, a law was passed requiring all sleds to display a sticker.

As a Snowmobile Club of the Pickerel area, Tombstone Pickerel Sno-Club, Inc. would like to explain a few things to you that may help educate those of you who have NOT joined a club in the past, but have been riding snowmobile trails.

First... you may want to think about joining a club. As an example, our Club cost as a Member is: \$30.00 per year for a Family or \$75.00 for 3 years. Single Memberships are \$20.00 per year, or \$45.00 for 3 years. You will receive a monthly newsletter to update you as to what is happening in the club. Plus we have a website to obtain updated information as needed: [www.tombstonepickerel.com](http://www.tombstonepickerel.com) Out of your annual paid membership, \$10.00 goes to the Association of Wisconsin Snowmobile Clubs. By adding AWSC as part of your additional membership, you will now be able to obtain your Wisconsin Trail Pass.

As part of the AWSC membership, you will receive in the mail a yellow card that has your AWSC membership number on it (example 10001). You NEED this yellow card to obtain your WI Trail Pass. Through AWSC, you will also receive a \$3,000 Accidental/Death Dismemberment Insurance Benefit for each family member and child up to age 19. It includes any accident of

## Lumberjack Steam Train Fall Festival Runs are popular, the Cowboys Are Coming October 3rd

The first Fall Run of the Lumberjack Steam Train, in Laona, Wisconsin, was enjoyed by hundreds of train fans, history lovers, and others who just like seeing the Northwoods in autumn color, and enjoy the museum, a working blacksmith shop, Green Treasure Forest Tour, food at the Choo Choo Hut Restaurant, and shopping in the Cracker Barrel Gift Shop, plus, the Haunted Slaughter House! The pumpkin patch, face painting, and roasting marshmallows are also offered, and the youngsters love it!

On October 3rd, the Green Bush-Wacker Cowboy Re-enactors are returning. Cowboys, outlaws, and people from all walks of life from the 1800's Old West, all dressed in the clothing of the era, will be on the Lumberjack Steam Train, as well as stopping the train for a robbery and a good ol' fashioned western shootout! There always seems to be a robbery every time the train makes a run from the vintage depot located on Highway 8 on Laona's west side.

The Cowboys are always a special event when they visit the Camp 5 Museum complex. Horse lovers will enjoy the mounts, vintage gun lovers will be a little envious of the arms carried by the Cowboys, the action is fast-paced, and it is a great time for all!

The Lumberjack Steam Train leaves the depot at 11:00 a.m. and every hour on the hour until the last run at 2:00 p.m. Food is available on the grounds, and the Cracker Barrel store is well-stocked with candy and toys.

For more info, go to: [lumberjacksteamtrain.com](http://lumberjacksteamtrain.com) or call 715-674-3414.

*There are some rough characters around when the Cowboys come. This guy likes nothing better than robbing Gringos! He will be joined by a host of other "dangerous" cohorts!*

Book  
Review:  
"Custer's  
Gold"  
by  
M. John  
Lubetkin

By Mike Monte

I won't pretend that the *Pioneer* is a literary magazine, but when an author extends a copy of his book to you for a review, the offer shouldn't be passed up.

Having been a reader of history books most of my life, I often enjoy some history with a fictional twist. In other words, this story didn't happen, but it could have happened. And, in the reading, the reader learns some history as well as enjoying the tale.

Lubetkin has done a grand job of combining an interesting story with known facts, and in the back pages, he tells what is absolutely true and what came from his colorful imagination.

This story takes the reader from Civil War days to the expansion of the country into the western states by railroads, and the surveyors who mapped the course,

along with the roughneck support staff who kept the engineers fed and dry.

Of course, stolen gold is part of the story, as is the ill-fated General George Armstrong Custer. This very interesting fiction work also gives the reader some hard history on early railroad building in the old west and the type of men who opened the frontier and connected our country from coast to coast with railroads.

One of the interesting aspects of this read is that the story continues from the youthful days of the characters into old age and makes the connection between their actions as young people affected them in the later stages of their life.

It is a great read, and I suggest you book nuts, especially those with historical interests, jump on Amazon and get your copy.

**Eyeglasses or Contacts?**

Choosing between glasses and contact lenses mostly comes down to preferences, ease of use and appearance. Both can correct common vision problems, and each has pros and cons. The most essential factor is health of your eyes.

Eyeglasses are the most popular lens choice. They require little maintenance and you may have less risk of eye infection than with contact lenses. While some people don't like the look and feel of glasses, others enjoy the fashion statement they make.

Contact lenses offer obvious advantages. They float directly on the eyes and move with the eye for vision correction that feels and looks natural. Unlike eyeglasses, contacts improve peripheral vision and are especially suitable during sports, driving and other activities. Children often favor contacts for convenience and appearance.

Contacts may require time to learn proper use. Conditions that make it harder to wear contacts include allergies and dry eyes. General discomfort can occur when wearers don't follow instructions for proper use and care.

When choosing contacts, review the types that best meet your needs. Most people can wear contacts, even if they prefer glasses as their primary form of vision correction.

## Blackwell Job Corps students return from assisting with wildland fires in West

RHINELANDER, Wis. (Sept. 18, 2015) – In August, four student firefighters from the Blackwell Job Corps Center near Laona were part of a Wisconsin Interagency Crew that was dispatched to Washington to assist with the wildland fires.

They were part of a 20 person interagency crew of employees from the Chequamegon-Nicolet National Forest, Blackwell Job Corps Center, Wisconsin Department of Natural Resources, National Park Service and Bureau of Indian Affairs.

The crew was extremely busy and participated in the suppression of four separate fires ending with the Okanagon Complex near Conconully, Washington. During their 21 day assignment the crew was involved with initial attack, burn out operations, structure triage and protection, hose lays, line construction, and mop-up.

They worked with the Okanagan-Wenatchee National Forest, Washington Department of Natural Resources and a multitude of other resources from Washington and around the country. The crew camped out in a variety of locations such as on the banks of the Colombia River in Roosevelt, Chelan Falls Town Park, Oroville school gymnasium and Conconully State Park.

"As far as fire assignments go, these (Blackwell) guys got a lot of exposure to just about everything that you're going to see and work with out on the fire line," said Chris Geidel, Engine Operator on the Great Divide District of the Chequamegon-Nicolet National Forest who served as the crew boss for the Wisconsin Interagency Crew.

The crew was working daily with and around helicopters, air tankers, SEATS (single engine air tankers), super scoopers, dozers and engines of every kind.

"It was a great experience being able to travel the country, see new things, and meet new people. It was a wonderful feeling to be able to save houses for families," said Ja-Won Barnett, one of the Blackwell Job Corps wildland firefighters who was on the crew. "Just knowing that I'm doing something that matters has been a life changing experience."

This summer more than 300 fire personnel have been dispatched from the Wisconsin Interagency Coordination Center that is managed by the Chequamegon-Nicolet National Forest. These fire personnel have been mobilized to Alaska, Montana, California, Idaho, Washington, Oregon, and Wyoming. Many of them supporting these efforts on multiple deployments.

Typically, fire assignments are for 14 days plus travel and working up to 16 hour days in harsh conditions including the smoke from the fires, heat, altitude, mountainous terrain and sleeping in tents.

"These conditions put a lot of physical strain on us as wildland fire fighters and the dynamic fire conditions put a lot of mental strain on us as well," said Lee Jensen, Assistant Fire Management Officer for the Chequamegon-Nicolet National Forest Job Corps Fire Program who was part of the crew. "We train really hard to prepare ourselves for these conditions and something I work hard to instill in the Blackwell Job Corps students participating in the wildland firefighter program."

"The guys from Blackwell came well prepared and did really well for their first time out, especially given the critical fire behavior that we were working in," said Geidel.

The Forest Service started the wildland firefighter training program at Blackwell in October of 2014. Since then, 18 have been certified as Wildland Firefighters and 60 are participants in the program working towards their certification.

The Blackwell Job Corps, located in the town of Blackwell, Wisconsin, is associated with the Chequamegon-Nicolet National Forest. The center serves about 160 students living and training on its residential campus. Nationally, the Forest Service manages 28 Job Corps centers in 18 states.

Blackwell offers training in office automation, carpentry, construction crafts, health occupations, masonry and welding. Additionally, students can earn their high school diplomas either through a partnership with a local high school, online or through General Educational Development (GED) or High School Equivalency testing.

any nature. You will also receive seven issues of the Wisconsin Snowmobile Magazine from September through March.

Once you receive your AWSC yellow card, there are 3 ways to obtain your WI Trail Pass:

1. You can go online to the Association of WI Snowmobiles (AWSC) and download the WI Trail Pass form. Complete it online with the AWSC Membership Number and the DNR Registration number (example SN 4300AB) for each snowmobile. And, don't forget your snowmobiles should be registered through the DNR. Note: The DNR has now changed your registration from two years to three years. You can apply for up to eight Wisconsin Trail Passes under your AWSC card number/name. Then, use either your debit or credit card for payment of \$10.00 per sled.

2. You can print out the form, and mail it to AWSC with a check.

3. You can call the AWSC Office and give them the information needed over the phone.

Once AWSC has received the information, they have a 24 hour turn around, uploading your information to the WI DNR Office. The DNR will immediately mail out your stickers directly to you in the mail.

If you DO NOT join a club and AWSC, you will pay \$30.00 per sled per year. It's a no-brainer to join a club, as dollars are saved. The Trail Pass money is going back into the Wisconsin Trail System to help better our Snowmobile Trails. So, get a head start now, join a club, so the Trail Pass Permit process can get started before the snow arrives.

Tombstone Pickerel Sno Club, Inc. is one of the top five largest Snowmobile Clubs in the State of Wisconsin, formed back in the 1970's. The club is approximately 300 members strong and growing this year. It has it's own club house and garage shed on County Rd DD, in Pickerel. The club owns two New Holland tractors and a new 2016 New Holland tractor on its way next month. The club has three grooming drags, and a work pickup truck.

The officers are President Eric Stoffregen, Vice President Ken Mikkelsen, Secretary Mary A. Schmitzer and Treasurer Alan Quig. Jacquie Bailey is currently doing the Memberships. The Board consists of 12 great people. Steve Bailey has been the clubs Trail Boss and maintains our tractors with the help of a few on hand. Nobody knows our trail system better than Steve. In 2013 Steve was also named Groomer of the Year by AWSC. It's an honor to have Steve win this state-wide award on behalf of the club.

The Pickerel-Pearson area has had some wonderful landowners, who over the years, have continued to allow our club permission to access their land and having snowmobile trails go through their property. We cannot stress enough how appreciative it is to have these landowners open their land for the snowmobile enthusiast. The beauty of the winter trails, wild critters, snow covered pines, lakes and rivers are breathtaking and unexplainable to those who don't have an opportunity to see the great white outdoors at its best.

The club grooms approximately 120 to 140 miles of trails each winter. Late summer and fall are a busy time. Brushing and mowing of the trails along with signing are done. Signs get old, or knocked down from the past

winter of deep snow, wind or storms. It is also a time to repair and check over the equipment. A lot goes on in the fall, more than many realize.

The club is having a work day on Saturday, September 26th, starting at 9:30 a.m. from the club house garage. If you wish to join this club and help out in any way, please feel free to contact any of the above people, or come down to the club house. Memberships can be taken at 9:30 a.m. and again from noon and all afternoon.

If you have snowmobile related items, such as sleds, parts or clothing to sell, feel free to set up your table on the club house grounds with others and sell your goods.

Again, if you want to snowmobile on trails this winter, you need that Trail Pass, so why not join a club that grooms for you? Let it be Tombstone Pickerel Sno Club! Happy Sledding..... Happy Trails...

## Nicolet AARP Chapter 1191

The speaker for the September meeting of the Nicolet AARP Chapter 1191 was Janet Glime from the Marinette & Oconto Counties Literacy Council, Inc. Janet Glime spoke to the AARP members about the services and programs provided for adult basic education and English language learning in the two counties. Those services help to improve the quality of life for adults by helping them to improve literacy in reading, writing, comprehension, speaking, math, and computer skills. There is a definite need in Oconto County by some persons lacking complete formal education or sometimes foreign born. If you know someone who wants to improve their reading skills or someone who is willing to volunteer as a tutor contact Janet Glime at 920-897-4422 or go online at [www.moliteracy.org](http://www.moliteracy.org).

AARP Chapter events coming up include the Fall Social at the Anderson Supper Club on September 30, 2015. Also the AARP Chapter sponsors the New Rock Fall Dinner at the Lakewood Presbyterian Church on October 5, 2015. The next monthly meeting on October 27, 2015 will be a pot luck dinner and auction starting at 5:30 PM.

All persons 50 and over are invited to join the local AARP Chapter. AARP meetings are social, entertaining, and informative. Meetings are held at the Lakewood Presbyterian Church on the fourth Tuesday of each month starting at 7:00 pm. Contact Joyce West, Membership Chairman, at 715-276-9409.

## James Beck Cancer Center to host Scrap-Out Cancer on October 16

Do you have a passion for scrapbooking? Share that passion with others during the seventh annual Scrap-Out Cancer event at Ministry Saint Mary's Hospital on Friday, October 16, from 5 - 9 p.m. This fun event brings people together to scrapbook and raise awareness of maintaining women's health and treating breast cancer.

Join staff from the James Beck Cancer Center and others for this FREE fun-filled evening of scrapbooking, card-making, and education. Bring your own projects, tools and papers. We'll have a cozy set-up with plenty of tables around the fireplace, overlooking the wooded area and pond at Ministry Saint Mary's. The ladies from The Old School will once again be on hand and offering a make and take.

Throughout the night, we'll provide important information on women's nutrition, including a presentation from Hope Williams, RD, CD, CDE, CLS, health and wellness specialist at Ministry Medical Group Rhinelander. In this presentation we will be discussing how a woman's nutrition changes from her teenage years into her 20's, through her childbearing years, and then into the senior years. Also, we'll be talking about the importance of healthy eating to maintaining optimal health and some easy ways to make sure we are getting all of our vitamins and minerals each day.

Door prizes will be given away approximately every 20 minutes, and all registered attendees will receive a goody bag.

Check-in begins at 4:30 p.m. Arrive anytime between 4:30 and 5 p.m. to settle in and start working on your card-making or scrapbooking projects. After the speaker, we will provide beverages, sandwiches and snacks throughout the night while you scrapbook and have fun with other attendees.

Space is limited and pre-registration is preferred. To register for this FREE public event, please call 800.362.9900 today.

This event is sponsored by the staff of James Beck Cancer Center at Ministry Saint Mary's Hospital. The James Beck Cancer Center at Ministry Saint Mary's Hospital nurtures long, close relationships and ongoing care with cancer patients, whether in the form of future treatments, palliative care, rehabilitation, checkups, support groups or providing new information. The goal is to meet every need of every patient, and to be a trusted resource for their families.
