## Townsend Flowage Protection District to host 2017 Boating Safety Certificate Class June 16-17

The Townsend Flowage Protection District (TFPD) is conducting boater safety training again this year. Classes will be held Friday night, June 16, from 6:00 - 9:00 PM and Saturday, June 17 from 8:00 AM until 12:00 PM at the Lakewood Townsend Ambulance Garage on Highway 32. Anyone interested in enrolling please contact Dan Coopman (715-276-6157). The cost is \$10.00 and is open to all persons 10 years of age and up.

Students are urged to enroll before June 8 as last year's class filled quickly. We respectfully ask that enrollees call Dan if you sign up but cannot make the class as students on a potential waiting list will happily take the spot.

TFPD has six certified Boater Safety instructors, and this is the group's sixth year of offering training sessions. Wisconsin State Law says that if you were born after January 1, 1989, you are required to have a Safety Certificate to legally operate any motorized watercraft. Uncertified operators can be cited and fined up to \$200.00.

Patty Andrews (Linda Boatright)

**The Letter, May 25-28, 2017 - 7:00 p.m.,  
Firefighter's Park, Wabeno**

"The Letter" dates from WW-II when a letter is discovered in the tank near the Wabeno Legion Hall. It was written by one of the Andrews Sisters to the driver, who was wounded and whom they visited at a field hospital in Italy. He forgot to get it out of the tank when he was reassigned, and it has lain hidden since the war.

## Sokaogon Housing Authority Nationally Recognized

The Sokaogon Chippewa Community Housing Authority was recognized in March as the recipient of the 2017 Community First Award by the Federal Home Loan Bank of Chicago. The award acknowledges the outstanding achievements of bank partners in local communities.

In addition, the Sokaogon Chippewa Housing Authority was also featured in an article spotlighting Native American Housing in the January/February edition of Affordable Housing Finance Magazine.

The story highlights the achievements made by the Housing Authority, and their success in tackling the complex project to alleviate the housing crisis the community faced. The article quotes Elizabeth Glynn, CEO of Travois, a Kansas City, Mo., based consulting firm focused on promoting housing and economic development for American Indian and native Alaskan and Hawaiian communities.

Travois worked with the Housing Authority on the project to convert the abandoned motel to affordable apartments. "It's a great example of how Tribes have used their resources in an innovative way," Glynn said. "It was a major renovation."

Congratulations on another great achievement of recognition for the Sokaogon Chippewa Community Housing Authority!

### Hotline Scam

Submitted by Kathy O'Melia

The U.S Department of Health and Human Services (HHS) Office of Inspector General (OIG) recently announced that its hotline telephone number is being used by scammers to obtain personal information. The scammers represent themselves as hotline employees and alter the appearance of the caller ID to make it look like the call is coming from the hotline number. After obtaining personally-identifying information, the scammers can then steal money from bank accounts or for other fraudulent purposes.

What you need to know

The HHS OIG hotline never makes outgoing calls.

If you receive a phone call from 1-800-HHS-TIPS (1-800-447-8477), do not answer the call.

Never give personally-identifying information like your social security number, date of birth, credit card or bank account numbers, drivers' license number, or mother's maiden name to anyone over the phone.

It is still safe to call in to the hotline number to report fraud.

If you believe you have been a victim of these scammers, you should report your case to the HHS OIG Hotline 1-800-HHS-TIPS (1-800-447-8477) or spoof@oig.hhs.gov. You can also file a complaint with the Federal Trade Commission at 1-877-FTC-HELP (1-877-382-4357). Be sure to include the date and time you received the scam call.

## The Letter Cont. from pg. 1

After the discovery the town elected officials decide to find out more about the man addressed in the letter and give it to his living relatives only to discover he is still alive. Inviting him to Wabeno for a civic affair and publicity opportunity, he flashes back to the war, the Andrews Sisters and the story unfolds. This production features music of The Andrews Sisters, Bing Crosby and Benny Goodman.

Some of the songs are: Boogie Woogie Bugle Boy, Don't Sit Under the Apple Tree, Rum and Coca Cola, Moonlight Serenade, In the Mood, Shoo Shoo Baby, Swinging On a Star, Hold Tight, Tuxedo Junction, Sing, Sing, Sing, Chattanooga Choo Choo and many more.

A live 20-piece Big Band will be accompanying The Andrews Sisters and cast. A dance floor will be ready for those that want to cut-a-rug! Displays and artifacts from our Armed Forces will be available for viewing as well as many more activities. The production will be a tribute to those that have served our country and will be recognized at each performance.

This show was specifically written for Wabeno Area Players by Dr. Daniel Boatright. Dr. Boatright is a retired professor from the University Oklahoma and now resides in the northern woods of Wisconsin during the summer months. Dr. Boatright has written numerous plays, reviews and reader theater selections. Many have been performed exclusively by and for Wabeno Area Players.

Area Veteran Organizations and groups are encouraged to contact Wabeno Area Players if they would like to participate in this exceptional event. Please call Linda at (405) 361-8294 or Josh (715) 889-1606 for more information about the event.

We are also seeking WWII (1939-1945) items and artifacts to display all weekend long. We will have a secure weatherproof area for all items and displays. We want to share the heritage and history of WWII to all that attend the event.

If anyone wishes to volunteer during the performances we have many roles to fill (ticket sellers, parking attendants, table staff, bartenders and many more).

Any businesses, groups or individuals interested in sponsoring this event honoring our veterans please contact Wabeno Area Players at wabenoareaplayers@gmail.com, www.wabenoareaplayers.org or call (715) 889-1606/(715) 473-5466. Tickets can also be purchased from these numbers for \$15 each.

School District of Wabeno Area  
TECHNOLOGY EDUCATION TEACHER

The School District of Wabeno Area is excited to announce our opening for a technology education teacher! This qualified person will be helping us build and develop the foundation for our new Fabrication Lab. Our community members recently demonstrated the support for our great school district by passing two referendums this spring. We passed an operational referendum in the amount of 1.6 million dollars each year for five years and a \$300,000 referendum to begin a fabrication lab in our school district. We are a small, rural school district located in North East Wisconsin.

The fabrication lab would be located in the technology education classroom we currently have in the school district. There may be a need to slightly reorganize the current classroom in order for the equipment to be used properly by the students. Our goal is to offer our students a digital fabrication experience through the use of 3D printers, laser engravers, robotics systems, plasma cutters, welding, and computer numerical control routers (CNC machines) with the assistance of the instructor.

Our new technology education teacher must be able to help Wabeno Area students imagine a project, plan a design for it, create it with the Fab Lab equipment and learn how to implement best designs for high quality projects. This lab will also be open to our community members.

We are excited to work with our new technology teacher to help him/her offer academic and technical content for our students. Our goal is to provide students with the skills and knowledge necessary to earn college credits and the skills necessary for the work force and local business occupations.

The selected candidate must demonstrate a passion for technology education and the advancement of these skills, be committed to strengthening community and student engagement in the area of technology education, and develop strong partnerships with the local business communities.

Our new technology education teacher is required to be licensed in the area of technology education by the Wisconsin Department of Public Instruction. The school district is open to discussions on salary. We are willing to employ the qualified person before the end of this school year so this person can begin building the program with us.

Interested and licensed candidates may apply on WECAN or may submit a letter of interest, resume, transcripts, copy of license(s), and three (3) current letters of reference to: Jennifer Vogler, District Administrator, School District of Wabeno Area, PO Box 460 Wabeno, WI 54566. This position will remain open until filled.

*The School District of Wabeno Area is an Equal Opportunity employer. The School District does not discriminate against applicants or employees based on race; age; sex or sexual orientation; creed or religion; color; handicap or disability; marital, citizenship, or veteran status; membership in the National Guard, state defense force, or reserves; national origin or ancestry; arrest or conviction record; use or non-use of lawful products off the District's premises during non-working hours; or any other characteristic protected by law.*

## Nicolet College Culinary Arts Open House May 10 in Carter

With Nicolet starting Culinary Arts classes in Carter next fall, the college and the Forest County Potawatomi will hold a Culinary Arts Open House event Wednesday, May 10, in Carter.

The event will run from noon to 3 p.m. at the Potawatomi Carter Casino Hotel.

At the Open House prospective student will learn about the classes included in the college's Culinary program, meet with instructors and current students to hear what it's like to be in the program, tour the state-of-the-art facilities, and view demonstrations.

"This is a great way for anyone thinking of a career in the culinary arts to get an up close look at the field and find out about the training it takes to be employed professionally," said Nicolet Director of Enrollment Erika Warning. "This is an opportunity for anyone in Forest County to start on a college credential in the culinary arts and do so with classes that are close to home."

An added benefit of attending the Open House is that everyone attending will save more than \$60 in fees when they register, she added.

Fall Semester classes start Monday, Aug. 28. The classes in Carter will allow students to begin working on their Nicolet Culinary Arts credential. Many start by earning a short-term certificate through Nicolet and use that credential to start working in the field. They also continue taking Nicolet classes to earn more advanced credentials, culminating in the two-year Culinary Arts associate degree.

"This way they earn both experience in the field and the training they need for a successful career in the culinary arts," Warning explained, adding that the classes are open to everyone.

Nicolet also has credit transfer agreements with four-year campuses for students interested in earning a bachelor's degree. These include a new agreement with the University of Wisconsin – Stout where students can earn their bachelor's degree in Hotel, Restaurant & Tourism Management without leaving the Northwoods through a combination of Nicolet classes and online classes offered through UW-Stout.

For more information about the program, visit [nicoletcollege.edu](http://nicoletcollege.edu) and enter Culinary Arts in the search box. Information about the Culinary Arts Open House is available by calling Tamarr Vollmar, business and training development manager at the Potawatomi Carter Casino Hotel, at (715) 473-6766, or emailing her at [tvollmar@cartercasino.com](mailto:tvollmar@cartercasino.com).

## Nicolet AARP 1191

Jan Stranz & Brenda Friction

The speakers for the April meeting were Jan Stranz and Brenda Friction from the Oconto Electric Cooperative. They discussed the OEC program called MainStreet Messenger which is an emergency response service that helps make independent living a reality while giving peace of mind to the families whose loved ones prefer to stay in the comfortable surroundings of their own home. The OEC unit is provided by land line or cellular and serves parts of Oconto, Marinette and Shawano counties.

Several members attended the April Spring Social at the Backwoods Pub & Grill. The May 23 AARP monthly meeting will be a pot luck with dinner starting at 5:30 p.m. followed by a silent auction. Planning ahead the group will do a brat fry at the Lakewood SuperValu on June 16 and on July 22.

All persons 50 and over are invited to join the local AARP Chapter. AARP meetings are social, entertaining, and informative. Meetings are held at the Lakewood Presbyterian Church on the fourth Tuesday of the month starting at 7:00 p.m. Contact Joyce West, Membership Chairman, at 715-276-9409.

# Letters to the Editor

We welcome letter to the Editor; however the letters should be legible, in good taste, not libelous and pertinent to current issues. Names will not be withheld upon request, except for very special circumstances. NAME AND PHONE NUMBER SHOULD BE INCLUDED FOR VERIFICATION PURPOSES. We reserve the right to reject any and all letters.

To the Editor:

Governor Walker's 2017-2019 budget ends the Forestry Mill Tax (FMT) and instead funds forestry efforts with \$181 million it generates from General Purpose Revenue (GPR). Senate #12 Tom Tiffany is in favor of this proposal. Why? His stance is in direct conflict with his constituents and a myriad of conservation and forestry groups. Perhaps he needs a refresher course in Wisconsin history. Since, as Tiffany displayed at the Joint Finance Committee Hearing (Marinette; April 21), he has a very short attention span, here's the quick version.

By 1924, unregulated and unscrupulous logging practices had ravaged the Northwoods and defiled its pristine waterways. It was so bad that most of northern Wisconsin resembled a moonscape. Times were tough, but Wisconsin legislators had vision. They levied a Forestry Mill Tax to raise money for repairing the devastation and putting the forests on a permanently sustainable path. FDR's Civilian Conservation Corps (CCC) and Works Progress Administration (WPA) hurried the process along. Today, we are recouping a huge dividend on a very modest investment, thanks to FMT which has provided a century of stable funding for our forest resources.

Wisconsin's forests weren't created under a two-year budget cycle, but this change could easily begin their death spiral, just as halting gas tax indexing led to rapid deterioration of our roads. Jeff Mursau (Assembly District #36) favors keeping the tax; even urban legislators like Lena Taylor support it.

Why Tom Tiffany is out cheerleading against the tax is baffling. Call him (608-266-2509) and ask him WHY?

### History on Tap Cont. from pg. 1

The Natchez Trace Parkway is a 444-mile recreational road and scenic drive through three states. It roughly follows the "Old Natchez Trace" a historic travel corridor used by American Indians, "Kaintucks," European settlers, slave traders, soldiers, and future presidents. Today the Natchez Trace Parkway is a National Scenic Byway "All-American Road" and is maintained by the National Park Service, to commemorate the original route of the Natchez Trace.

But Watkin's story is more than just the story of this historic trail. Watkins' "Making a Memory Program" offers the knowledge that we all have people in our lives who drive us absolutely insane. We should be making memories with them, but because they're difficult, we put it off. We delay. We make excuses. Let Andra's story of walking the 444-mile Natchez Trace Parkway with her maddening father as wingman inspire YOU to make that
